A window will open with several setting options:

EAP method: PEAP
Phase 2 authentication: MSCHAPV2
CA Certificate: Trust on First Use

**Faculty/Staff/Students use your college credentials.**

Identity is the first part of your college email up to the @ symbol.
Anonymous Identity is the same as your identity.
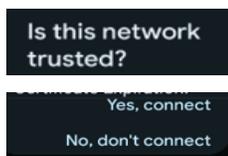

Guests:
User name/Identity/anonymous identity: mcccguest
Password: guestmccc

Select **Connect** and wait …it takes up to a minute.

Either network will go to the **acceptable use terms**, you will have to **check the box** for acknowledgement of the college's terms.
