The Monroe County Community College District was formed on June 29, 1964, by the electors of Monroe County. On July 3, 1964, the district was given statutory authority under the provisions of Michigan Act 188 of the Public Acts of 1955 to function as a community college.

Monroe County, Michigan

French missionaries came to this territory as early as 1634. The river that flows through the center of the city of Monroe was named the River Aux Raisin because of the many grapes growing in the locality. A trading post and fort were established here in 1778. Francois Navarre was the first white settler in 1780. The first settlement was called Frenchtown, when about 100 French families came here from Detroit and Canada. The American flag was first raised in Michigan in Monroe in 1796. In 1817, Frenchtown was renamed Monroe by Governor Lewis Cass in honor of President James Monroe. St. Antoine’s Church on the banks of the River Raisin was the second church in the state.

Monroe County is located at the west end of Lake Erie and has a population of approximately 150,000. Parts of the county are industrialized, but much of it is also devoted to agriculture. The Port of Monroe is located on the St. Lawrence Seaway and could lead to increased business and industrial expansion. A modern hospital is located within the county. There are many opportunities to attend the church of one’s choice.

Cultural and recreational facilities are available in the county and in nearby areas. The county is within easy driving distance of Detroit, Ann Arbor and Toledo. Other institutions of higher learning nearby include the University of Michigan (40 miles), Eastern Michigan University (35 miles), University of Toledo (20 miles), Wayne State University (35 miles) and the University of Detroit-Mercy (35 miles).

The Monroe County Community College campus, located on South Raisinville Road, opened for students in October, 1967. The campus buildings are related to one another by an attractively landscaped center mall. Each building is both functionally and esthetically designed.

The Campbell Learning Resources Center is the focal point of the campus. This two-story building contains classrooms, faculty offices and the necessary space to house library facilities for a collection of over 46,000 volumes and over 300 current subscriptions, as well as electronic access to thousands of magazines and journals.

The Audrey M. Warrick Student Services/Administration Building, across the mall from the Campbell Learning Resources Center, provides dining facilities, a recreation area and a bookstore for the student body. In addition, this facility houses four community-use conference rooms, a student lounge, an art room, the Cuisine 1300 restaurant and a beautiful courtyard. Student Government conducts its activities from this center. The counseling, admissions, administrative and general offices are also located in this building.

The technology buildings are two separate units connected by a covered walkway. The East Technology Building contains an art studio, drafting area and business education rooms. The West Technology Building houses the Regional Computer Technology Center, classrooms, offices and laboratories related to the industrial technology curricula. A lab annex for automotive engineering technology and construction management technology was added in support of these two programs in 2002.

The Life Sciences Building, located across the mall from the technology buildings, contains offices, the student newspaper, laboratories and classrooms related to the physical and natural sciences. The building also contains two auditorium-type lecture halls and a climate-controlled greenhouse.

The Gerald Welch Health Education Building, located on the north end of campus, houses the nursing, respiratory therapy and physical education program classrooms and laboratories, a day-care center, a multi-purpose room, a dance-aerobics room and a fitness center.

In the latter part of 2004, the college opened the La-Z-Boy Center and Meyer Theater. This 52,000-square foot building combines facilities equipped for education and training with a performing arts venue. The La-Z-Boy Center also houses the Corporate and Community Services Division offices.

The Learning Resources Center (LRC) provides students and faculty with services, print materials and online resources selected to support the college curricula and promote independent research and lifelong learning. Located on the first floor of the Campbell Learning Resources Center, the Library includes areas for quiet and group study, workstations for Internet access, on-line databases, reserve class materials, wireless access and magazine articles in both print and on-line format. Learning Resources Center faculty and support staff are available to assist students and faculty in all phases of library and LAL services. Reference librarians provide both individual reference help and research education sessions for specific classes.

Classrooms, faculty offices and the Learning Assistance Laboratory (LAL) are located on the second floor of the Campbell Learning Resources Center. The Little Theatre, Educational Media Services office, Information Systems and additional classrooms are located on the lower level.

The LAL provides academic support services as well as services to students with disabilities. The goal of the LAL is to help students improve their classroom performance and achieve academic success. All LAL services are free to MCC students. The LAL is located in room C-218. Appointments can be made in person or by calling (734) 384-4167.

Tutoring
Tutoring is available for many MCCC courses. Most tutoring is done one-on-one, but group tutoring is sometimes scheduled when students request it. Although walk-ins are accepted, appointments should be made to ensure a time is reserved for you. Tutoring is also available to help students improve their study strategies.

Writing Center
Student Writing Fellows assist with all stages of the writing process from pre-writing to revision and editing. The Writing Fellows are students who have demonstrated writing ability in English 254, Advanced Composition. Many courses at MCC are assigned a Writing Fellow; however, assistance on any writing project is also available by appointment in the LAL.

Supplemental Instruction
Group study sessions are led by a trained student leader for selected courses. The leader attends class, takes notes, reads the assigned materials and conducts two study sessions per week. The scheduled group study sessions are informal and have proven helpful to students who attend.
First Steps for Classroom Success Workshop
This workshop highlights study skills and other “success strategies.” Some of the topics covered are Organizing for Effective Study, Taking Lecture Notes, Proven Learning Tools and Surviving the First Day of Class. These free workshops are offered the day before the Fall and Winter semesters begin, and are available to anyone interested in improving their classroom performance.

DISABILITY SERVICES
Students with documented disabilities may be eligible for classroom and test accommodations, as well as access to all college facilities and programs. Accommodations are intended to “level the playing field” as much as possible, so the student with a documented disability has an equal opportunity to succeed. Access is provided while maintaining high academic standards.

Disability counselors are available to assist students with disabilities in all aspects of their educational planning. Students may schedule an appointment with a disability counselor in the LAL to request accommodations, plan their schedule, obtain career and transfer information and provide collaboration with outside agencies.

Procedures for Requesting Accommodations for Students with Disabilities
1. Under the Americans with Disabilities Amendment (2009) Act or the Rehabilitation Act of 1973, an individual with a disability includes any person who has a physical, learning, emotional, behavioral or mental impairment which substantially limits one or more major life activities.

2. At least ten business days prior to the first class session, it is the responsibility of the student with a disability to schedule an appointment with a Learning Assistance Laboratory counselor/coordinator to begin the accommodation process. (Room C-218 of the Campbell Learning Resources Center, phone 734-384-4167)

3. Once an accommodation plan has been developed, instructors will be notified by the LAL as to the specific accommodation(s) to be provided. If a special request is received after the course/semester begins, a decision regarding the type and extent of the accommodation will be communicated to the instructor with implementation to follow within a reasonable amount of time. Testing accommodations are made on a test-by-test basis and require at least one week notice for special arrangements to be made.

4. Within 30 calendar days of an accommodation request or by the first meeting of class (whichever comes first), acceptable documentation substantiating any accommodation request must be provided to the Learning Assistance Lab. (For guidelines regarding acceptable documentation, contact the LAL at 734-384-4167.) If documentation is not received within this time frame, any future accommodations may be in jeopardy.

5. A student who receives an accommodation must:
   A. Notify or leave a message for a counselor when he/she will not be in class. (Non-credit students must notify or leave a message with the Corporate and Community Services Office by calling 734-384-4127.)
   B. Use the same procedure to notify the LAL if he/she has difficulty with any accommodations (note taker, scribe, interpreter, etc.).
   C. (Credit students only) Keep in regular contact with the Learning Assistance Lab (734-384-4167).

6. No charge will be made to the student, although cooperative arrangements with third-party agencies (i.e. Michigan Rehabilitation Services, Commission for Blind, etc.) will be considered.

7. Any loaned equipment or materials must be returned to the LAL within seven working days after termination of services. Failure to return equipment will result in a financial hold on student records.

8. Accommodations are made on a case-by-case basis each semester. A credit student must complete paperwork to reactivate his/her file each semester. Non-credit students must reactivate each time they register for a class to continue to receive any accommodations.

All reasonable attempts will be made to accommodate an individual’s special needs. However, this is not a guarantee that services can be provided.
