**Using Turnitin Blackboard Building Block**

**Step 1:**
After you’ve accessed your Blackboard course, go into your “Control Panel”, then “Manage Tools”, then “Building Block Tool Availability” and check the box next to “Turnitin Assignment List”. Next, click Submit.

**Step 2:**
Now, still within the “Control Panel”, click “Manage Tools”, then “Content Type Availability” and check the box next to “Turnitin Assignment”. Next, click Submit.
Step 3:
To add a Turnitin assignment, go to the content area where you normally post assignments and click the “Edit View” link on the upper-right to access your content tools. Next, click the “Select” drop-down arrow and choose “Turnitin Assignment”.

Step 4:
Next, to grade the student assignment, go to your course Grade Center and click the cell drop-down arrow and choose “Grade Details”.
**Step 5:**
Next, click “View Attempt”

**Step 6:**
Here you can view the student’s paper, the Turnitin originality report, input a grade and your instructor comments. Be sure to click “Submit” at the bottom after you’ve inserted student grades and comments.
