There for once a having such good on the armey. Every day we here of some good news. The soldiers are a moving by here most Evrey day. They go on the railroad on the boats and a foot off you near to go in the hospital and see the boys with sore foot that can be marching and see the cripples that got show in different engagements with one leg shot off some one hand some both legs some with there more off others eye out hands off one man where a ball went through his lower jaw and out through the upper one from one that the ball went through hit him in the breast and went came out close by his spine he laid on the field for four days and eat out every thing to eat and only one kind of water in his canteen they left him for dead but he rallied and he is a going in to the field.
