Dear [Name],

I haven't much news to write you but could tell you many things but haven't time. The best news is Robert is in Luyo. Close to this but he is not sick. The very next letter I wrote was for my supper last night and it was good. I had another one in my pocket. I sent it to you but I had only one for over a month but am in hopes that you will not get it. There is a delay at home. In a short time we will move. The boys are a reading the papers and a giving them anything I can get coffee for todays and the boys are friendly lot of men when they get together it looks odd to see them self and there go back and shout at each other but we don't mind it now but I did at first. Don't you wish to see your own and Paul Morris be the same. But I thought answered all get give my love to all friends and little Sarah a kiss. Remain as ever your affectionate, Eliza. D. Cummins.

Love to all.
