we lay it on
on the hardest
find and step of
practice bayonet
on it until it is drawn
enough to go in a tine eye

Turn hot coffee on it. Let it soak half an hour then it is fit to eat. I like the
idea very much for we should all be skilled with the bay-
onet. I think this is the last
I shall ever see of this country
unless Salmon river keeps
up its name. Then I may possi-
ably visit that sometime
though I intend to be home
first. The miners are doing
well here now. Wages are
high. Common laborers get
from 2.50 to 3.00 and 8.50 per day
Wages are good generally and
people doing well. The county
