

MCCC - Security Incident
Date: 26 Jul 2018
Time: 11:30 AM
Reporting Officer: kwerner
Subject:: Malicious Destruction of Property
Location: L-201

Witness: Custodian
Victim: MCCC
Complainant: MCCC
Suspect: N/A

Narrative:

Malicious Mischief

Officer spoke with custodial foreman, who advised that someone had damaged the whiteboard in room L-201.

Officer proceeded to L-201 and spoke with area custodian, who advised that he had checked room L-201 early yesterday morning (Wed. 07/25/18) and that everything was in order. This morning when he rechecked at approx. 6:30am, he found that someone had knocked multiple items from the desk onto the floor and had wrapped debris around the computer monitor and filled the entire whiteboard up with graffiti which had included some racial slurs. Custodian proceeded to clean the room and the board, however he found that two items were written with permanent marker, which he was unable to completely remove.

#1. Was simply what appeared to be a word “_____” with the n and the e rubbed out.

#2. Appeared to say, (expletive) with letters rubbed out of one of the words.

The computer monitor had a small scratch on the screen. This could have possibly occurred during the incident.

There were no classes held in L-201 yesterday. There are no suspects at this time. Director of Upward Bound was advised of the incident. I spoke with numerous Upward Bound staff and no one was familiar with anything relating to a specific word that appeared more than once.

Custodial foreman advised that the whiteboard will probably have to be resurfaced to remove the marker.

Pictures of the graffiti are with the main report copy.
