**IHM**

**Employer Description:**
Throughout our history, IHM Sisters have lived the legacy of pioneering and risk-taking that characterized our beginnings.

The IHM community began in the frontier settlement of Monroe, Michigan, in 1845. Two visionary and action-oriented personalities, Father Louis Gillet and Sister Theresa Maxis, responding to the need to educate young immigrants, undertook that initiative and established the IHM community.

The pioneering, risk-taking legacy of Louis and Theresa lives on in our ministries today.

**Full Time:**
- Certified and Non Certified Nurse Assistants

SSIHM Monroe, MI

Do you like to work with senior adults in a beautiful and peaceful setting? Would you like the opportunity to not just have a job but to have a ministry?

IHM Sisters is currently taking resumes for Certified Nursing Assistants and Non-Certified Nursing Assistants to share our values and mission in our skilled nursing and assisted living facility.

We offer competitive wages and benefits at a Five star facility in Monroe Michigan

Requirements include a solid work history and clear criminal background. Experience is
preferred. Must be able to work every other weekend and some holidays. Qualified candidates should email resumes to humanresources@ihmsisters.org or fax 734-240-9793.

**Jacobs**

**Employer Description:**
Jacobs Technology is the advanced technology division of Jacobs Engineering, one of the nation's largest engineering and technical services-only companies. Jacobs is the world’s top supplier of automotive test facilities, providing a full range of services to commercial automotive industry customers. Customers include not only the world’s major vehicle providers and other original equipment manufacturers (OEMs), but also clients from the international motorsports community. Our experience encompasses virtually every type of automotive test facility, including climatic and driveability wind tunnels; aerodynamic, acoustic, and thermodynamic wind tunnels; emissions test rooms; soak rooms; altitude chambers; engine and powertrain test cells; and electromagnetic anechoic chambers. We not only design and build these facility systems assets but also operate, maintain, and manage these facilities.
