PROFESSIONAL STAFF - (Series 12.00) (Continued)

Although the 1200 Policy series applies specifically to Professional Staff employees, there are a variety of other Policies and Procedures that govern College operations, which may be found in the District 100 Policy series and the Business Policy 600 series. These include such topics as code of ethics, conflict of interest, illegal discrimination, sexual harassment, reporting accidents and injuries, use of College-owned equipment, supplies and automobiles, and family medical leave, to mention but a few.
