

## Attachment B

ADVANCED PLACEMENT PROGRAM

Credit may be granted to students who have participated in the College Entrance Examination Board's Advanced Placement Program in their high schools. A score of three (3) or better is required to earn academic credit. Students planning to attend Monroe County Community College should arrange to have their advanced placement examination records sent directly to the Admissions Office.

A maximum of thirty (30) semester hours will be awarded on the Advanced Placement Program examinations. Credit earned on the Advanced Placement Program is applicable toward all programs offered by Monroe County Community College (including nursing and respiratory therapy). Advanced placement is not available in cases where a student has earned credit in the same college course previously.

Listed below are the titles of the examinations, the semester hours awarded, the level of the subject covered by the exam, and how the credit will appear on the transcript.

TITLE OF TEST	SEMESTER HOURS	LEVEL OF MCCC COURSES COVERED BY THE EXAM	THE TRANSCRIPT WILL CONTAIN "ADVANCED STANDING GRANTED ___ SEM HRS _____AP TEST"
