First Steps for Classroom Success

You Will Learn How To...

- Survive the First Day
- Adapt to the Academic Demands of College
- Set Goals
- Manage Your Time
- Become an Independent Learner
- Study Based on Your Learning Style
- Take Lecture Notes
- Use Your Textbook Effectively
- Take Tests Successfully

SPECIAL NOTES:
This Workshop is FREE to all MCCC students!
Free Learning Tools for the first 100 students to register.

Registration is Required.

To register and for further information, call the Learning Assistance Lab at (734) 384-4167 or toll free 1-877-YES-MCCC.

If voice mail answers, please leave your name, phone number and a message.

This workshop benefits everyone, but may be especially helpful to students who have not had recent classroom experience and students with special learning needs.

“Every MCCC student should take advantage of the First Steps Workshop!”

“My friend and I attended the First Steps Workshop together and I’m very glad we did! I learned valuable study skills that made my transition into college life much easier. The workshop facilitator provided lots of helpful hints and I got to meet other students. I highly recommend that every student take advantage of the First Steps Workshop. I’m glad I did!”

Sarah Badgley, former MCCC Student
