## PERSONAL ENRICHMENT

### The MCCC Makerspace for Exploration and Creation

*The MCCC Makerspace is a resource and gathering place where the community can come together to share skills and equipment while imagining, exploring, creating and designing with people of shared and diverse interests. You'll have access to the information, tools, software and space you need to learn, invent, make and repair. We can help you bring your ideas from concept to reality. We have curated the following workshops you can attend this semester and create in our Makerspace.*

#### Create a Personalized Cutting Board

Create your own personalized cutting board to display your charcuterie spread. You will create your own laser-etched board (included in the cost of the class) with guidance from Michael Reaume, our Makerspace coordinator.

You may bring your own cutting board as long as it is new/unused and is not bigger than 24"x18". You may bring your own design for your board, or you can select from samples we will have available for you.

**\$69 (Senior Fee \$42.50)**

**Wed. Sept. 24**

**6 – 9 p.m. T 160**

**Reaume**

#### Electronics/Soldering Workshop

Up to 10 participants will learn how to identify, read and measure basic electronic components such as resistors and capacitors, as well as learn their basic functions. You'll also learn to solder during the assembly of two hands-on projects, including a small AM/FM radio or a digital alarm clock, which you will get to take home and keep.

**\$49 (Senior Fee \$37.50)**

**Wednesday Oct. 15**

**5 – 8 p.m. T 160**

**Reaume**

#### Build Your Own Guitar Pedal

Building your own guitar pedal will be fun and rewarding. You'll experience pride in playing using something you built yourself, especially when it gets you closer to the elusive tone of the superstars and legends. Similar to our Electronics/Soldering Workshop, this workshop involves a lot of soldering and a bit more use of hand tools. The kit to build the pedal is included in the

cost and is yours to keep at the end!

**\$79 (Senior Fee \$68)**

**Wednesdays Oct. 29 & Nov. 5**

**5 – 8 p.m. T 160**

## NEW!

### Acrylic Painting Class "Paint Like Monet"

We will be exploring Monet's wonderful use of color, light and brushwork that makes his Impressionistic paintings famous. Three different scenes of Monet's work will be painted in the six-week class. This will be an energetic fun filled way to understand Impressionism. Also included is how to use value in a painting and proper framing and photography of artwork. At the end of class, you will have artwork ready for public display and sale. A material list of the required supplies will be furnished upon registration.

**\$159 (Senior Fee \$97.50)**

**Wednesdays Oct. 15 – Nov. 19**

**5:30 – 8:30 p.m. F 117 Larkins**

### About the Instructor:

David Larkins is a native of Monroe and an alumnus of MCCC. He won his first Best of Show award at 16 and continued to refine his artistic talents throughout his 34-year career as a graphic illustrator for Ford Motor Company. His work has been featured at five solo exhibitions in Michigan and Ohio and juried exhibitions include seven years of "The Best of America Exhibit," Toledo Museum of Art, The Butler Institute of American Art and published work in "The Artist Magazine." He also has exhibited at many fine art fairs, such as the Ann Arbor Summer Art Fair and the Krasl Art on the Bluff, and is an honorary lifetime member of the Monroe Art League and a former member of the Monroe Fine Art Fair committee. Samples of his work can be found on Facebook at "David Larkins Art Studio" or at [www.absolutearts.com/portfolios/d/davidlarkins](http://www.absolutearts.com/portfolios/d/davidlarkins).

## Monthly Art Sessions at the Whitman Center in Temperance

### Mindful Morning Art

Do you need a mental break? Try some mindful art! Expressing yourself through artistic and creative activities is like a prescription for your mental health. Studies have shown that creativity can relieve stress, anxiety, shame, anger, depression and trauma. During these sessions we will spend our time together exploring various techniques through process-based art to help you tap into a mindful meditative state. Don't worry if you are not an artist; we all have the ability to expand our creativity and express ourselves. It's about the process not the product!

Sign up for monthly workshops as listed below. You can attend just one session or all four! Cost is \$59 per workshop (Senior Fee \$36.50).

<b>Sec. 1: Monday, Sept. 22</b>	<b>10 a.m. – Noon</b>	<b>WC 10</b>	<b>Sansom</b>
<b>Sec. 2: Monday, Oct. 20</b>	<b>10 a.m. – Noon</b>	<b>WC 10</b>	<b>Sansom</b>

<b>Sec. 4: Monday, Dec. 15</b>	<b>10 a.m. – Noon</b>	<b>WC 10</b>	<b>Sansom</b>

**Mindful Morning Art** is using art for relaxation and dealing with stress.

**Kid at HeART** is creating art for fun, with no pressure.

### Kid at HeART!

Pablo Picasso said "Every child is an artist. The problem is how to remain an artist when we grow up." It's time to get in touch with your inner child and find joy again in art! During these sessions led by Jamie Sansom, an art and museum educator for 25 years, you can do just that! There's no pressure to be an amazing artist as we will work on learning how to use different materials and processes to make art for the joy of it. Come with an open mind and a childlike mindset!

Sign up for monthly workshops as listed below. You can attend just one session or all four! Cost is \$59 per workshop (Senior Fee is \$36.50)

## **NEW!** Hampshire Potpourri and Garden Rose Potpourri

Join us for a hands-on workshop where you'll create two beautifully fragrant potpourris. The New Hampshire blend has the fragrance of a northern evergreen Christmastime aroma, while the Garden Rose offers a gentle, morning rose fragrance. Everyone will take home a generous bag of both blends. We will use organic, pure essential oils that are gentle to the olfactory senses and ensure your potpourri lasts a long time. All supplies will be provided by the instructor, including medical exam gloves for safe and easy handling. As a bonus, each student will receive a packet

of the instructor's favorite potpourri recipes to try at home. These blends are perfect for your home during the holidays and springtime—or as handmade gifts for someone special!

*Class is taught by the Herb Cottage owner, Carolsue McCue. She has been designing herb and old-fashioned perennial gardens for decades and uses her harvest to teach many creative classes.*

## NEW!

### Introduction to Jewelry Techniques

Discover the art of jewelry making in this hands-on introductory course designed for adult learners of all backgrounds. Whether you're exploring a new hobby or developing creative skills, this class offers a welcoming environment to learn the fundamentals of metalworking and jewelry design. Students will be introduced to essential techniques such as sawing, filing, soldering, forming and finishing while working primarily with non-ferrous metals like copper and brass.

Through a series of guided projects, you'll gain confidence using traditional jeweler's tools and torches and leave with your own handcrafted pieces—such as rings, pendants or earrings. The course also covers shop safety, basic design principles and the creative possibilities within metalwork. All base metals are provided. If students wish to work in silver, it must be purchased individually.

No prior experience is necessary—just curiosity and a willingness to experiment. Come explore the intersection of craftsmanship and creativity, and walk away with both new skills and wearable art. Please note that you will need to purchase a required tool kit for the class at an estimated cost of \$150. Information will be provided at the time of registration.

### About the Instructor

**Jiro J. Masuda** is a distinguished metalsmith, educator and arts advocate with over 30 years of experience in jewelry and metalsmithing. He holds a Master of Fine Arts from the Cranbrook Academy of Art and a Bachelor of Fine Arts from the University of Houston. He has dedicated his career to crafting exceptional metalwork and mentoring the next generation of artists. At Detroit Country Day School, Jiro has played a pivotal role in shaping arts education while serving as the jewelry and metalsmithing instructor. His teaching experience extends to esteemed institutions such as Dartmouth College, the University of Michigan and Wayne State University. Beyond the classroom, he has led workshops nationwide, including at the Savannah College of Art and Design and the Michigan Art Education Association. Masuda's expertise is widely recognized in the field, and his work has been exhibited in numerous galleries and institutions, including the National Building Museum in Washington, D.C. His contributions to the arts have earned him numerous awards, including the Outstanding High School Metals Educator Award from the Michigan Silversmiths Guild. A dedicated leader in arts education, he also serves as an AP Art and Design question leader and has served as a lead mentor for the College Board. Passionate about craftsmanship and education, Masuda continues to inspire through his artistry, lectures and commitment to fostering creativity in young artists.

## Robotics

### Vex Robotics

The VEX Robotic team provides students third grade through college in three different age groups the opportunity to learn about competitive robotics as part of a community team. Students can participate year round with new contests and projects being implemented annually. ## Home Inspection Certificate Course (Online)

Home inspection is a rewarding professional consulting career — both financially and personally. It is one of those amazing professions in which you get to make a positive difference in people's lives. Do you think you have what it takes to become a home inspector?

**THE PREREQUISITES** You do not need a background in construction to be a successful home inspector. You can learn the skills of home inspection through a good education program. You need to be able to speak with homebuyers, sellers and owners, and real estate professionals. You need to be able to write at a high school level. You need to be comfortable with technology and be able to climb a ladder and crawl in crawlspaces. You need training and experience specific to the profession.

This 10-course program provides you with the technical skills and expertise required to conduct visual examinations and deliver written reports on the physical and operational condition of homes or housing units. Each of the 10 courses will require a minimum of 42 contact hours of study. Exercises and practical quizzes allow you to check your progress. Each module will have instructor support and can be taken in any order you choose. Upon successfully completing the course, you will earn a certificate from MCCC. You will also be qualified to sit for the National Home Inspector exam.

The individual online courses include:

- Roofing
- Structure
- Electrical
- Heating I
- Heating II
- Air Conditioning and Heat Pumps
- Plumbing
- Exterior
- Insulation and Interiors
- Communication and Professional Practice

**Cost is \$395 per course.** Includes all learning materials, test, exams, tutor support and ongoing support after you complete the course.

**After you create your student profile at [monroeccc.edu/augusoft.net](http://monroeccc.edu/augusoft.net) and pay your tuition, contact us to gain access to your course.**

## Paralegal Training Courses

MCCC has partnered with the Center for Legal Studies to deliver paralegal training programs in an online format. The curriculum is continuously updated to remain current and on-pace with the newest trends in the legal industry and is taught by experienced legal professionals. CLS courses are designed for adult students and are taught on a college level. Minimum requirements to take any of our courses are a high school diploma or GED. You must be 18 years of age prior to enrollment.

**Paralegal Career:** Paralegals provide essential assistance to lawyers, corporations and other organizations and have established themselves as a crucial part of the legal system. Whether you are just starting your paralegal education, or are looking to advance your knowledge, we have a course for you. We offer the following core courses to you, as well as additional topics to further advance your career and add credentials to your resume.

## Paralegal Certificate Course©

Our flagship introductory course is the first step toward your paralegal career. Our Paralegal Certificate Course© teaches students the in-demand skills necessary to perform a variety of paralegal tasks. This continuing legal education course is a valuable asset for paralegal professionals looking to advance their career, grow professionally, increase their earning potential and gain job-ready skills. Students have 14 weeks to complete the online course (7 weeks for Paralegal I and 7 weeks for Paralegal II). Please note that the course fee covers both halves of the course. You may choose any session to begin the course with Paralegal I and you will be automatically enrolled in the following sessions for Paralegal II. **You must complete both Paralegal I and Paralegal II to be awarded a certificate. Course includes two, seven-week sessions that must be taken consecutively.**

# Health & Safety

## HealthGuard Professional Food Manager

Owners and managers of food service establishments have a responsibility to provide safe food to their customers. They need to understand that the consequences of inadequate food safety knowledge or poor hygienic practices can be very serious. This training is in conformance with the Michigan Food Law that requires all licensees must have a certified food manager. This course, along with a passing score on the exam, meets that requirement. Target audience: food service employees. Cost includes light breakfast and lunch. CEUs: .8
