of commendation for Mr. Kevin Zorn be adopted

WHEREAS, Mr. Kevin Zorn has decided to retire from his position as Power Systems
Operator with Monroe County Community College, effective October 31, 2018, and
WHEREAS, for 24 years he has been considered an outstanding employee who has
helped to foster an excellent preventative maintenance program in the Physical
Plant, and
WHEREAS, in the performance of this duties he has secured a number of licenses
and certifications to assist him in maintaining the College’s buildings, grounds and
mechanical systems, and he has enthusiastically embraced new technology to ensure
the College’s systems are operating at peak performance, and
WHEREAS, he has served as a mentor, role model and trainer for his co-workers and
has helped foster a high level of professionalism within the maintenance staff, and
WHEREAS, he has demonstrated a high level of commitment and dedication to our

THEREFORE, BE IT RESOLVED, that the Board of Trustees recognize Mr. Kevin Zorn for his dedicated service and contributions to the College, our students, and the community, and

THAT IT BE FURTHER RESOLVED, that the Board of Trustees expresses its very best wishes for his continued success, well being, and happiness on this Monday, October 29, 2018.

The motion carried.

B. 4. b. (3) 6. It was moved by Mrs. Thayer and supported by Mr. Hill that the Five-Year Capital Outlay Plan be approved as presented.

The Board received a presentation on the proposed Five-Year Capital Outlay Plan.

Suzanne Wetzel, Vice President of Administration/Treasurer, presented the proposed renovations and additions to the Gerald Welch Health Education Building (HEB). A major piece of the Capital Outlay Plan is the College’s Capitol Outlay Request to the State. This year MCCC is allowed by State rules to submit a new Capitol Outlay Plan for consideration by the State. This year’s plan is the renovation and addition to the HEB. Vice President Wetzel explained that the Board would be viewing notional representations of what the master planning team hope to accomplish in the building (e.g. a visual spreadsheet). Once the College is approved for the funding of the project, the team will hire an architect, and then go into the actual planning and schematic design, which will involve employees from across the campus.

Additionally, per Monroe Township requirements, 86 parking spaces, which include two ADA accessible parking spaces, will be added. There will also be renovations to the exterior envelope to address current roof and window water issues in the building.

The total cost of phase one is $7.262 million. The State request will be about $6 million and the College’s match will be $3,631,000. Phase two will take place in the future when funding becomes available and will include the installation of a metal roof on the gym adding LED lighting and retrofitting other areas and updating the HVAC system so that it can tie into the geothermal system.

The motion carried.

B. 4. a. (2) 7. It was moved by Mrs. Thayer and supported by Mr. Bruck that the resolution of commendation for Dr. James E. DeVries be adopted:

WHEREAS, Monroe County Community College and the broader community lost a valued member and leader on September 13, 2018 with the death of Dr. James E. DeVries, and

WHEREAS, he was a longtime educator, author and historian for MCCC, as well as a father and grandparent, and

WHEREAS, he taught history and sociology at the college from 1970-2010 and was considered an “extraordinary professor” by his colleagues and students, as indicated by numerous nominations for the Outstanding Faculty Award, which he received in 1984, and

WHEREAS, he was a member of the Monroe Public Schools Board of Education from 1990 to 1994, and

WHEREAS, he is remembered for, among other things, assisting many students with the funding of their education, helping individuals find jobs and giving away many books from his large collection, and

WHEREAS, he was the author of several books, including “Opportunity: The First Twenty Years, Monroe County Community College 1964-1984,” and

WHEREAS, he served on the MCCC Board of Trustees since 2012 and during key college milestones such as the opening of the Career Technology Center in 2013 and the passage of the 5-Year Maintenance and Improvement Millage in 2016, which
resulted in funding that is now being used for critical updates to safety, accessibility, technology and the learning environment, as well as maintenance that was deferred because of tight budgets, and

WHEREAS, he was a member of the Retired Senior Volunteers Program (RSVP), where he read to and mentored students at the Juvenile Center and Manor Elementary School, and

WHEREAS, he was a sought-after presenter, panelist and expert in numerous areas, such as history, social science, race relations, politics, current affairs, and

WHEREAS, he earned a bachelor’s degree from Hope College in 1964, served in the U.S. Army from 1964 to 1966 in Korea, and received a master’s degree and doctorate from Ball State University following his military service, and

WHEREAS, he represented the college with dignity and professionalism, promoting the ideals of higher education and the mission of Monroe County Community College, and MCCC has benefited greatly from his devoted service.

THEREFORE, BE IT RESOLVED, that the MCCC Board of Trustees recognizes the significant contributions of Dr. James E. DeVries over the course of his distinguished life and career; and

THAT IT BE FURTHER RESOLVED, that the Board will mourn Dr. James E. DeVries’s death and will continue, as he did, to inspire members of our community in their pursuit of lifelong education, and

THAT IT BE FURTHER RESOLVED, that the Board of Trustees expresses its sincerest condolences to his family and friends on this Monday, October 29, 2018.

The motion carried.

Retirement:

C. 3. a. (2) 12. The Board received a note of thanks from Quri Wygonik and family for the flowers sent at the birth of her daughter, Everleigh.

C. 3. a. (3) 13. The Board received a Statement of General Fund Revenues and Expenses for the Period Ending September 30, 2018. The statement is in the Board packet and part of the permanent Board file, and can be obtained from the President’s office.

C. 3. b. (1) 14. Dr. Quartey summarized his reports to the Board, which he sends every other week.

As we approach the November 6 election, campaigns are taking center stage. There are several bills, which will impact community colleges that will come up later after the election.

Non-credit enrollment is up by 6 percent. Discussions of Drone Technology have been ensuing for about a year, and non-credit training will be offered in the winter of 2019. Strategic planning continues and the Strategic Planning Task force is conducting a Strengths, Weaknesses, Opportunities, and Weaknesses (SWOT) analysis as part of the Environmental Scanning.

Campus events include a forum on the “Pros and Cons of Recreational Marijuana at 2:30 p.m. in the MCCC Dining Room, on October 30, 2018. MCCC is involved in two Marshal Plan submissions, one with Rousch Performance and another with the Intermediate School District (ISD) and District schools. The second Manufacturing Boot Camp is in its third week. There are nine students in the cohort. Campus renovations continue on the East and West Technology buildings. Work continues on several grants, including one for Student Support Services. The President’s State of the College Address is scheduled for November 12, at Monroe Bank and Trust Headquarters.

Cajie D’Cunha, Part-time Grant Writer, talked about a number of grant submissions currently in progress. He noted that he and various individuals across campus and the community are working on several grants.

15. Chair Dowler and Trustee Mason explained the reason for managing Board meetings in a more time-bound basis. Mrs. Dowler also reminded the audience of who speaks at Board meetings. Board meetings are for the Board members. To address the Board, individuals should be on the agenda prior to the meeting, or fill out a delegation form and turn it into the secretary at the beginning of the meeting, or be called upon by the Board.

C. 3. b. (2) 16. The Board received and update on The Foundation.

Joshua Myers, Executive Director of The Foundation, stated he would present
The Foundation Annual Report at the January 2019 regular meeting of the Board of Trustees so that the newly elected Trustees could be present for it. The Annual Fund campaign went very well this year, increasing its funds from the 2017 year. Last year the Foundation raised about $69,000 and this year they raised $77,000 with a push goal of $75,000. Two new endowed scholarships were added this year: the Ray Kessler Scholarship and Ethel Kay Russeau Memorial Scholarship. Two new annual scholarships were also added: the Betty Swartout Memorial Scholarship and the William A. Noseworthy Memorial Scholarship.

This year, Campus and Community Events raised more money in sponsorships than ever before.

The Foundation received a significant gift from a longtime donor who passed away in January of this year, leaving 70 percent of her estate to the College for scholarships. This is the single largest scholarship endowment ever received by the College. More information will be released soon.

C. 3. b. (3) 17. Grace Yackee, Vice President of Instruction gave the Board and update on non-credit enrollment and contract training. She thanked Barry Kinsey, Director of Workforce Development, Tina Pillarelli, Director of Lifelong Learning, and Mrs. Quri Wygonik, Coordinator of Research, Evaluation and Assessment, for providing the data and helping with the presentation. Total headcount for both Lifelong Learning and contract training, which includes business and industry classes, is up 6 percent. Headcount within the Lifelong Learning area is up 15.5 percent.

Business and Industry contract training enrollment is down 5 percent. Total contact hours are up 5 percent as compared to LLL which was up in head count, but down in contact hours. Contract training contract hours are up 30 percent.

Dr. Feldman, noted that on page 13 of the schedule, there is a course about protecting yourself from cancer. The last statement of the course description talks about “Diets that have cured cancer”. He stated that “Unfortunately, there is no such diet.” He would like to see the statement removed, and he would like to see the instructor asked to produce her evidence. In his opinion, as an institution, we cannot present statements of “fact” which are not true. Dr. Yackee will look into the issue. Trustee Thayer brought up a concern of area farmers about the “one-way” information that is contrary to their beliefs and knowledge about farming and safety. Mrs. Pillarelli relayed that if there is a concern, individuals are welcome to come to her directly and talk.

C. 4. b. (1) 19. Chair Dowler appointed Trustee Steve Hill to the Audit committee to replace the vacancy created by the resignation of Marjorie Kreps. The meeting will take place at 8:30 a.m., on November 12, 2018, in the Board of Trustees Room, Z-203.

Mrs. Thayer is a voting delegate and so attended many meetings. She is also now the chair of the ACCT National Nominating Committee for the next year.

Chair Dowler thanked Mrs. Thayer for her leadership and her communication.

Mrs. Thayer’s report is part of the permanent Board packet and can be obtained from the President’s office.

C. 4. b. (2) 21. Chair Dowler noted the upcoming events with the following changes; the Veterans program begins at 6:00 p.m. (not 5:30 p.m.), and the next meeting of the Board of Trustees meeting is on November 26 (not the 25th).

22. It was moved by Mr. Mason and supported by Mr. Hill that the meeting be adjourned.

The motion carried and the meeting adjourned at 7:11 p.m.

Respectfully submitted,
These minutes were approved at the November 26, 2018 regular meeting of the Board of Trustees.
