

ABOUT MONROE COUNTY COMMUNITY COLLEGE

HISTORY

Monroe County Community College is a public, two-year institution supported by tax monies from Monroe County, educational funds from the state of Michigan and student tuition. The Monroe County Community College District was formed on June 29, 1964, by the electors of Monroe County. On July 3, 1964, the district was given statutory authority under the provisions of Michigan Act 188 of the Public Acts of 1955 to function as a community college.

The 210-acre Main Campus is centrally located in Monroe County with easy access to Detroit and Toledo. The Whitman Center in Bedford Township near the Michigan-Ohio border offers a wide selection of courses.

Monroe County, Michigan

French missionaries came to this territory as early as 1634. The river that flows through the center of the city of Monroe was named the River Aux Raisin because of the many grapes growing in the locality. A trading post and fort were established here in 1778. Francois Navarre was the first white settler in 1780. The first settlement was called Frenchtown, when about 100 French families came here from Detroit and Canada. The American flag was first raised in Michigan in Monroe in 1796. In 1817, Frenchtown was renamed Monroe by Governor Lewis Cass in honor of President James Monroe. St. Antoine's Church on the banks of the River Raisin was the second church in the state.

Monroe County is located at the west end of Lake Erie and has a population of approximately 150,000. Parts of the county are industrialized, but much of it is also devoted to agriculture. The Port of Monroe is located on the St. Lawrence Seaway and could lead to increased business and industrial expansion. A modern hospital is located within the county. There are many opportunities to attend the church of one's choice.

Cultural and recreational facilities are available in the county and in nearby areas. The county is within easy driving distance of Detroit, Ann Arbor and Toledo. Other institutions of higher learning nearby include the University of Michigan (40 miles), Eastern Michigan University (35 miles), University of Toledo (20 miles), Wayne State University (35 miles) and the University of Detroit-Mercy (35 miles).

DISABILITY SERVICES

Students with disabilities may be eligible for classroom and test accommodations to provide access to all college facilities and programs. Accommodations are intended to “level the playing field” as much as possible, so the student with a disability has an equal opportunity to succeed. Access is provided while maintaining high academic standards.

Disability counselors are available to assist students with disabilities in all aspects of their educational planning. Students may schedule an appointment with a disability counselor in the SSC to request accommodations, plan their schedule, obtain career and transfer information and receive collaborative services with outside agencies.

Process for Requesting Accommodations for Students with Disabilities

1. Under the Americans with Disabilities Act, the Americans with Disabilities Amendments Act (2008) and the Rehabilitation Act of 1973, an individual with a disability includes any person who has a physical, learning, emotional, behavioral or mental impairment that substantially limits one or more major life activities.
2. The student should schedule an appointment with a disability services counselor. Eligibility for services will be determined by information gathered from the student interview and documentation provided.
3. Any documentation and information that the student can readily share during the initial appointment – such as accommodation history; educational or medical records; reports and assessments created by health care providers, school psychologists, teachers or an educational system – is helpful. Examples of documentation may include a psychological evaluation, 504 Plan, IEP (Individual Education Plan), SOP (Summary of Performance) or report of teacher observations. Providing current and relevant information during the initial appointment can save the need for repeat trips to the Disability Services Office.

4. The student interview will focus on how the condition impacts the student in the academic environment. This interactive process will enable the counselor to determine how the disability is connected to a barrier and if an accommodation would provide access.
5. Information gathered during the initial interview will be reviewed by the Disability Services Review Committee. If recommendations are included in the documentation, they will be considered together with the total assessment, the specific program and class, and information provided by the student during the interview. Appropriate accommodations will be determined on an individual basis.
6. Within 10 business days of the initial appointment, the student will be notified in writing of the outcome of their request either by mail or in person.
7. It is the responsibility of the student receiving an accommodation to:
 - Notify or leave a message with Disability Services if he/she will not be attending class due to a disability-related absence by calling 734.384.4167.
 - Use the same procedure to notify Disability Services if he/she has difficulty with any accommodation (i.e., note taker, scribe, interpreter).
8. All accommodations are provided free of charge. Cooperative agreements through a third party (i.e., Michigan Rehabilitation Services, Bureau of Services for Blind Persons) will be considered.
9. Any loaned equipment must be returned to the Disability Services Office within one week of the end of the semester. Failure to return equipment will result in a financial hold on the student's record.
10. Accommodations are made on an individual basis each semester. Prior to each semester, students need to meet with a disability services counselor to review their accommodation status and complete appropriate paperwork.
11. Non-credit students seeking accommodations must meet with a disability services counselor each time they register for a class.
12. Student confidentiality will be observed and no documentation or information will be released without the student's written consent.
13. Reasonable attempts will be made to accommodate individual needs. However, this is not a guarantee that accommodations will be provided exactly as requested.
