Division	Science/Mathematics
Course Number	ECE 108
Course Name	The Care and Learning of Infants and Toddlers
Contact Hours	90
Theory	45
Lab Hours	45
Total Credits	4

Prerequisites

ECE 100, 102, 104

Course Description

This course focuses on the provision of developmentally appropriate practice in the care and learning of infants and toddlers from birth to age three. It presents the design of curriculum, activities, and experiences to support the child's physical, sensory-motor, cognitive, language, and social-emotional development. Child, family, and caregiver interactions and guidance techniques consistent with knowledge of child development and professional standards are emphasized. The creation of active learning environments and child and program assessment is addressed. Students will participate 45 hours in an approved early childhood setting to perform observation assignments and develop a unit of instruction for the infant and toddler.

Exit Learning Outcomes

This course is a required core course for students pursuing an AAS in Early Childhood Education.

Program Outcomes Addressed by this Course:

Upon successful completion of this course, students should be able to meet the program outcomes listed below:

- A. Utilize knowledge of child development to support and nurture children in their development and learning environments.
- B. Demonstrate respectful and reciprocal interactions and relationships with diverse children, families, and communities to support child development and learning.
- C. Apply systematic observation and varied documentation and assessment strategies to support child development and learning.
- D. Develop curriculum for the young child based on knowledge of academic subject areas to support child development and learning.
- E. Utilize developmentally appropriate approaches and strategies to enhance child development and learning.
- F. Demonstrate professionalism through adherence to the ethical and professional standards of the early childhood profession in the care of young children.
