

MONROE COUNTY
COMMUNITY COLLEGE

Course Outcome Summary

Required Program Core Course

HLTSC 250: Health Sciences Capstone

Course Information

Division	Health Sciences Division
Contact Hours	1
Theory	15
Total Credits	1

Prerequisites **HLTSC 115**

Co-requisite HLTSC 200 or previous completion of HLTSC 200

Course Description

This capstone course enables students to apply previously acquired knowledge to further investigate and prepare for their future health care career. Students will complete projects that include interviewing a health care professional and preparing for their next steps towards obtaining a health care career. Students will begin preparation for employment or transfer to another institution.

This course is a required core course for students pursuing a(n) AAS in Health Sciences

Program Outcomes

- A. Integrate knowledge from life science, social science, and health science to a health care profession.
- B. Demonstrate preparedness for the next steps towards a health care career.
- C. Explain the professional, ethical, and legal standards that apply to a health care profession.

Course Outcomes

In order to evidence success in this course, the students will be able to:

- 1. Integrate knowledge from life science, social science, and health science to a health care profession.
