To connect your iPhone to the Wi-Fi:

1. From your Apple mobile device, tap the **Settings icon**

2. From Settings, tap **Wi-Fi**

3. Choose **monroecc** network

4. Enter your credentials and **Tap Join**

5. Tap **Trust**

**Tip:** If you're having intermittent Wi-Fi issues, make your Apple device "forget" monroecc and then add it again. Tap **Settings app** > **Wi-Fi** > **monroecc** > **Forget This Network**. Then follow the steps above to re-add monroecc network.

**Note:** Whenever you change your PASSWORD, you MUST change it on ALL devices. **FAILURE to do so** will result in too many logins attempts and lock you out of your account.
