

**Course - to - Program Mapping Template**

Program Name: ACCOUNTING  
 Division: BUSINESS  
 Catalog Year: 2018/19

Completed By: Baul/Wang

Program Mission Statement: The associate of applied science degree with specialization in accounting is designed to provide practical and theoretical preparation for positions leading to supervisory and administrative assignments. In addition to completion of the required general education courses, students desiring the program designation on their transcript must complete the required core and specialized courses. This curriculum provides preparation for careers in business accounting departments and accounting firms.
