Beginning German

This beginning course is focused on the fundamentals of the German language. You will learn German grammar and vocabulary while being introduced to contemporary life and culture in German speaking countries. All four language skills – listening, speaking, reading and writing – play a major role in the language learning process. Topics to be covered include introducing and talking about oneself, shopping, telling time, family life and travel. By the end of the course, you will be able to participate in simple conversation in a German speaking environment. CEUs: 1.6

NEW! Money Matters

A walkthrough of personal financial choices that allows you keep more of your money. Learn how much you are really paying on your debts and how quickly you can turn things around with no extra income. Most households have enough income to survive with minimal use of debt. It is the debt that is trapping us from achieving financial freedom. Feel more in control of your finances by planning ahead: for living within your means, for saving for your future, for planning family vacations and fun, and even for emergencies. The class is

taught by someone who followed this framework to become debt free and has many options leading to a happy, easy retirement. Class will include worksheets for realizing and mapping your way out of debt and for planning your spending, savings, and investing. No products will be offered in class. Spouses or partners may attend at no additional charge but must also pre-register.

FREE Math Boot Camp

FREE Math Boot Camp

MCCC is offering this non-credit Math Boot Camp for students and community members who need to review and improve their math skills. Basic arithmetic, such as working with whole numbers and integers, fractions, decimals and percentages, will be covered. Learning will further be enhanced through meaningful, real-world applications and problem solving. These applications will be fun and relatable to real life. We can help lessen your anxiety about math and build confidence in your abilities. The last week of camp will be devoted to review and preparation for the Accuplacer test. In addition, you'll be exposed to STEM (Science,

Engineering, Technology and Math) programs of study and careers.

Who should take the course?

- Students who score below the minimum Accuplacer test score required for placement into MATH 090, Basic Mathematics Skills
- Students who need to brush up on basic math skills to retake the Accuplacer test
- Anyone in the community who wants to improve their math skills

Dream Catchers and More

Learn more about the nature of Native American life. This updated session includes more photos, details and new information. The First Peoples were deeply spiritual people. One finds the Circle throughout their culture; learn more about the importance and meaning of this symbol. "Everything an Indian does is in a circle, and that is because the power of the World always works in circles, and everything tries to be round ... The sky is round and I have heard the earth is round like a ball, and so are all the stars. The wind in its greatest power whirls, birds make their nest in circles, for theirs is the same religion as ours." — *Black Elk, Black Elk Speaks: Being the Life Story of a Holy Man of the Oglala Sioux*
