The One Book, One Community of Monroe County selection committee is happy to introduce our 2020 book selection to the community. *What the Eyes Don't See* by Dr. Mona Hanna-Attisha will be the focus of 2020's community-wide reading program, which will run from March 9-April 3. Her book has been selected as the Great Michigan Read book for 2019-2020. Learn more about the book, why we selected this title, our partnership with the Great Michigan Read.

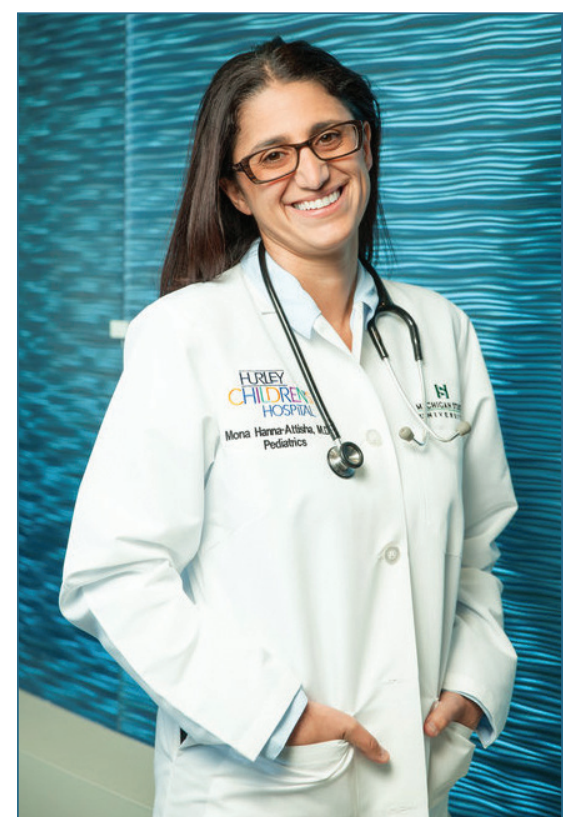

Enjoy light refreshments while Judy Murray, Reference Librarian and book club leader for the Monroe County Library System, talks about some other books you might enjoy reading as well.

Pick up a readers guide to *What the Eyes Don't See* and enter a drawing for a free copy of the book. More than one book will be given away at this event!
