ONLINE COURSE INFORMATION
Summer 2021 Semester

COURSE: MATH 090 L1

INSTRUCTOR: K. Shepherd

Basic Mathematic Skills

EMAIL: kshepherd@monroeccc.edu

There are many benefits of online courses at MCCC:

- Less restrictive scheduling
- Convenience
- Intensive self-study
- Course materials are accessible 24 hours a day 7 days a week

Some students struggle in an online format while other students excel. Students who excel in an online format are:

➢ Highly self-motivated
➢ Have strong computer skills
➢ Possess good time management skills
➢ Know how to study independently
➢ Possess good communication skills

Online classes at MCCC are **NOT self-paced**. Instruction is delivered in an entirely web-based format. Students must complete exams, assignments, etc. by specified due dates. Some exams and assignments may be required to be completed at an authorized location as established by the instructor.

When taking an online class students are responsible for:

- A reliable computer with Internet access and Microsoft Word; course specific software will be described below
- Knowing how to email attachments
- Maintaining his or her own computer and Internet connection; technical issues are NOT acceptable excuses for not keeping up with due dates
- Having access to a printer if needed for personal use of online materials

It is the student's responsibility to log into Brightspace multiple times each week to keep up with communication, assignments and other coursework.

Brightspace

Online courses use Brightspace course management system as the means of communication between the students and the instructor.

It is the student's responsibility to be able to log into Brightspace and maintain his or her computer setup to work properly with Brightspace.

The Brightspace Login can be found on the College's webpage, www.monroeccc.edu. **Brightspace courses are made available to students on the day the course begins**. Please see the Start Date below.

MCCC Student Email
It is essential that online students use their MCCC student email account. This will be the primary means of email communication between you and your instructor. For more information about activating your MCCC student email account, visit the college's webpage at www.monroeccc.edu.

COURSE DESCRIPTION	Basic Mathematics Skills will provide instruction in mathematical operations and their applications, with early introduction to integers and algebraic concepts including solving linear equations and inequalities. This approach provides for students the necessary tools to succeed in developmental math and prepares them for future math courses. The content of the course includes operations with integers, ratio, proportion, percent, area, volume, and introduction to variables, algebraic concepts, and solutions to linear equations and inequalities. There is an emphasis on problem-solving skills, vocabulary comprehension, real-world applications and calculator fundamentals. Some topics must be completed without the use of a calculator. The purpose of the course is to prepare students for the transition from arithmetic to algebra. This Basic Mathematics Skills course will be graded on a Pass/Fail mastery basis. *The Institutional credits earned in this course do not count toward graduation. This course does not fulfill the math competency requirement. Internet access is mandatory. The complete Outline of Instruction can be found at http://www.monroeccc.edu/outlines/.
COURSE BEGINS	Monday, May 10, 2021
COURSE ENDS	Saturday, July 3, 2021
REGISTRATION PROCESS	Students must register for the course through the College's regular registration process. If you are a first-time online student at MCCC you must complete an online orientation course (ONL-001). You will be automatically enrolled into the online orientation course, which will provide you with critical information on the technical, study, reading and writing skills necessary to be a successful online student. This course will be listed in your MyCourses module in Brightspace and there will be 4 modules to complete. Please note that all four modules will NOT be visible when you first login, but will become visible once you complete the requirements for each module. Please complete **SU2021-ONL-001-L1 by May 7, 2021**. Failure to complete the online orientation by the above date may result in de-registration from your Summer 2021 online course.
PROCTORED EXAMS OR ASSIGNMENTS	The student may test at any time of the day. The student is expected to send a scan or pictures of written test work immediately after the test is completed. See the syllabus for more detailed information.
ADDITIONAL INFORMATION: PROCTORED EXAMS OR ASSIGNMENTS	**Some** online classes require students to take exams at authorized, proctored locations. Test proctoring centers are authorized testing locations where a staff person administers a test or assignment. If students are not able to arrange transportation to MCCC's main campus for testing, a proctored test site must be arranged. Students near the MCCC campus can take the test in the Testing Center. Additional information on the Testing Center can be found at https://www.monroeccc.edu/testing. It is the student's responsibility to make arrangements for proctoring with his or her instructor. Students

	should also be aware that some testing sites have service fees, which are the responsibility of the student.
COURSE MATERIALS AND TEXTBOOK INFORMATION	Textbook information can be found on the MCCC Bookstore's webpage, http://www.monroeccc.edu/bookstore/. Textbook information is posted approximately one month prior to the beginning of the semester. IMPORTANT: Please ensure you are validating the entire course name and number when searching for and selecting books to purchase on the Bookstore website. Required texts for classes can vary depending on instructors or if the classes are being held online. Please contact the MCCC Bookstore for additional information, 734.384.4140.
COURSE EXPECTATIONS	The student is expected to spend 10 – 12 hours per week on course work.
