

ONLINE COURSE INFORMATION

Summer 2024 Semester

COURSE: CHEM 151 L1

INSTRUCTOR: L. Bean

General College Chemistry I

EMAIL: lbean@monroecc.edu

There are many benefits of online courses at MCCC:

- Less restrictive scheduling
- Convenience
- Intensive self-study
- Course materials are accessible 24 hours a day 7 days a week

Some students struggle in an online format while other students excel. Students who excel in an online format are:

- Highly self-motivated
- Have strong computer skills
- Possess good time management skills
- Know how to study independently
- Possess good communication skills

Online classes at MCCC are **NOT self-paced**. Instruction is delivered in an entirely web-based format. Students must complete exams, assignments, etc. by specified due dates. Some exams and assignments may be required to be completed at an authorized location as established by the instructor.

When taking an online class students are responsible for:

- A reliable computer with Internet access and Microsoft Word; course specific software will be described below
- Knowing how to email attachments
- Maintaining his or her own computer and Internet connection; technical issues are NOT acceptable excuses for not keeping up with due dates
- Having access to a printer if needed for personal use of online materials

It is the student's responsibility to log into Brightspace multiple times each week to keep up with communication, assignments and other coursework.

Brightspace

Online courses use Brightspace course management system as the means of communication between the students and the instructor.

It is the student's responsibility to be able to log into Brightspace and maintain his or her computer setup to work properly with Brightspace.

The Brightspace Login can be found on the College's webpage, www.monroecc.edu.

Brightspace courses are made available to students on the day the course begins.

Please see the Start Date below.

MCCC Student Email

It is essential that online students use their MCCC student email account. This will be the primary means of email communication between you and your instructor. For more information about activating your MCCC student email account, visit the college's webpage at www.monroecc.edu.

Please contact the MCCC Campus Store for additional information, 734.384.4140.

**COURSE
EXPECTATIONS**

CHEM 151 is not self-paced, specific due dates are scheduled throughout the semester. Homework assignments, laboratory assignments, and exams must be completed by the due dates. Labs may be completed and submitted early, however, will not be available past the due dates.

Students are required to purchase the ALEKS access code immediately at the start of class May 13, 2024.

A detailed syllabus can be found in Brightspace, under CONTENT.

**Research suggests that students should spend approximately 3 hours outside of regular in-class or online instruction, per credit hour, per week (e.g., 4 credit hour course + 12 hours studying per week outside of class time = 16 total hours per week), studying in order to be successful in their college courses.

OTHER
INFORMATION

The lecture material is divided into four distinct units as explained in the course syllabus found on Brightspace under CONTENT. There are four exams on Brightspace throughout the semester, one for each course unit, and a fifth final cumulative exam will be due on Brightspace at the end of the semester.

CHEM 151 requires a student to have a passing grade within the laboratory portion to receive a passing grade for the overall course.

If a student fails the laboratory portion of the course, they will automatically earn a failing grade for the course.

Online lab work is within the McGraw-Hill ALEKS learning program.

Please directly email Associate Professor Lori Bean if you have any additional questions. **lbean@monroecc.edu**

STUDENT LOGIN
INFORMATION

To login to **Brightspace, E-mail, or WebPal**, go to www.monroecc.edu and click on CURRENT STUDENTS on the menu bar, then click on Brightspace, email, or WebPal from the links that appear on the left side of the screen.

Brightspace - Login to Brightspace using your unique MCCC email address and email password (new student password = first letter of first name (lower case), first letter of last name (lower case), birth year, 7-digit student ID number).

You should be able to access Brightspace 24 hours after registering for a course. Courses are not available in Brightspace until the first day of the semester.

E-mail - Your email address is your MyWebPal user name followed by @my.monroecc.edu (i.e. jsmith12345@my.monroecc.edu) and email password (new student password = first letter of first name (lower case), first letter of last name (lower case), birth year, 7-digit student ID number).

WebPal - You need a WebPAL user ID and a password to access WebPAL. Your WebPAL user ID is usually your first initial and last name (i.e. Mary Smith = msmith). To find your user ID, click on **"What's My User ID?"** on the WebPAL home page. Your initial password is your six-digit birthdate (i.e. January 1, 1970 = 010170). After logging on the first time, WebPAL will ask you to change your password. If you are a returning student and can't remember your password, click on **"What's My Password?"** on the WebPAL home page, then choose **"Reset my password."** If you have an e-mail address on file, WebPAL will send you a new password.
