

ONLINE COURSE INFORMATION

Winter 2022 Semester

INSTRUCTOR: A. Salinas-Romero COURSE: BIOL 257 L4 Anatomy & Physiology I EMAIL: asalinas-romero@monroeccc.edu There are many benefits of online courses at Brightspace MCCC: Less restrictive scheduling Online courses use Brightspace course • Convenience management system as the means of • Intensive self-study communication between the students and the • Course materials are accessible 24 hours a instructor. day 7 days a week It is the student's responsibility to be able to Some students struggle in an online format log into Brightspace and maintain his or her while other students excel. Students who computer setup to work properly with excel in an online format are: Brightspace. Highly self-motivated > Have strong computer skills The Brightspace Login can be found on the > Possess good time management skills College's webpage, www.monroeccc.edu. > Know how to study independently Brightspace courses are made available to Possess good communication skills students on the day the course begins. Please see the Start Date below. Online classes at MCCC are **NOT self-paced**. Instruction is delivered in an entirely webbased format. Students must complete exams, assignments, etc. by specified due dates. Some exams and assignments may be required to be completed at an authorized location as established by the instructor. MCCC Student Email It is essential that online students use their When taking an online class students are MCCC student email account. This will be the responsible for: primary means of email communication • A reliable computer with Internet access between you and your instructor. For more and Microsoft Word; course specific information about activating your MCCC software will be described below student email account, visit the college's Knowing how to email attachments webpage at www.monroeccc.edu. • Maintaining his or her own computer and Internet connection; technical issues are NOT acceptable excuses for not keeping up NEED HELP? with due dates Having access to a printer if needed for BRIGHTSPACE HELP DESK: 734.384.4328 personal use of online materials or elearning@monroeccc.edu It is the student's responsibility to log into Brightspace multiple times each week to keep COLLEGE EMAIL: 734-384-4328 up with communication, assignments and other coursework. WEBPAL: 734-384-4333

Course Description	Fundamental concepts of cellular structure and human body organization. Emphasis on tissue organization, structure, and function; and anatomy and physiology of the following human organ systems: integumentary, skeletal, muscular, nervous and special senses. Integrated principles of chemistry, biology, and embryology are covered. This course is required for all students in the Health Sciences curriculum. Course requires laboratory work. Dissection of preserved animal specimens is required. The complete Outline of Instruction can be found at <u>http://www.monroeccc.edu/outlines/</u> .			
COURSE BEGINS	Friday, January 7, 2022			
COURSE ENDS	Monday, May 2, 2022			
Registration Process	Students must register for the course through the College's regular registration process. If you are a first-time online student at MCCC you must complete an online orientation course (ONL-001). You will be automatically enrolled into the online orientation course, which will provide you with critical information on the technical, study, reading and writing skills necessary to be a successful online student. This course will be listed in your MyCourses module in Brightspace and there will be 4 modules to complete. Please note that all four modules will NOT be visible when you first login, but will become visible once you complete the requirements for each module. Please complete WI2022-ONL-001-L1 by January 5, 2022 . Failure to complete the online orientation by the above date may result in <u>deregistration from your Winter 2022 online course</u> .			
PROCTORED EXAMS OR ASSIGNMENTS	None, all coursework is completed online.			
Additional Information: Proctored Exams or Assignments	Some online classes require students to take exams at authorized, proctored locations. Test proctoring centers are authorized testing locations where a staff person administers a test or assignment. If students are not able to arrange transportation to MCCC's main campus for testing, a proctored test site must be arranged. Students near the MCCC campus can take the test in the Testing Center. Additional information on the Testing Center can be found at <u>https://www.monroeccc.edu/testing.</u> It is the student's responsibility to make arrangements for proctoring with his or her instructor. Students should also be aware that some testing sites have service fees, which are the responsibility of the student.			
Course Materials and Textbook Information	All required textbooks and/or access codes are available for purchase by the student at the MCCC/eCampus Online Bookstore website: <u>https://monroeccc.ecampus.com/</u> . Sign in using your MCCC student email and password.			

	All required course supplies are available for purchase by the student at the Campus Store or on the Campus Store website: https://bookstore.monroeccc.edu/ Fextbook information is available for viewing approximately one month prior to the beginning of the semester at https://monroeccc.ecampus.com/. IMPORTANT: Please ensure you are ogging in and using the "Shop by Schedule" option to view and purchase only those materials assigned to your specific course(s). Please contact the MCCC Campus Store for additional information, 734.384.4140.			
Course Expectations	 For evidence success in this course, students will be able to: Identify the organization of the body on a chemical, cellular and tissue level Observe and describe differences in basic tissue types to be able to predict tissue and organ function based on the structure List the eleven organ systems, the organs they include, and their basic function, in order to carry out a systematic study of the human body Describe the homeostatic condition and control systems for important variables Relate structure to the function of cells, tissues, and selected organs in order to demonstrate an understanding of the physiology of the systems of the human body Identify and describe the structures of the skeletal system and their relationships and interactions with other structures Describe the basic structure and function of skeletal muscle tissues Identify and describe the major muscles including attachment sites and the action of the muscles Identify and describe the major structures of the nervous system and explain their function Describe the organs involved in mediating the general and special senses, including the structure and function of each organ For this course, the student is expected to be an active participant, and contribute to each class session. This includes asking questions and adding relevant information through chat, discussion boards, or office hours.

OTHER INFORMATION	All sessions will be asynchronous, Office hours available by appointment, makeup exams will only be allowed with prior permission or for serious injuries and illnesses. Written documentation must be provided. If you miss an exam you must inform the instructor as soon as possible to arrange a			

	makeup exam. Lab assignments and quizzes must be completed in order to obtain credit.
	No extra credit will be given at any time for any reason.
	To login to Brightspace, E-mail, or WebPal , go to <u>www.monroeccc.edu</u> and click on CURRENT STUDENTS on the menu bar, then click on Brightspace, email, or WebPal from the links that appear on the left side of the screen.
	Brightspace - Login to Brightspace using your unique MCCC Webpal username (i.e., the first part of your MCCC email address) and 7-digit student ID number for your password (or whatever password you use for your MCCC college email account). You should be able to access Brightspace 24 hours after registering for a course. Courses are not available in Brightspace until the first day of the semester.
STUDENT LOGIN INFORMATION	E-mail - Your email address is your MyWebPal user name followed by @my.monroeccc.edu (i.e. jsmith12345@my.monroeccc.edu). Your password is your seven-digit student ID number (including leading zeros).
	WebPal - You need a WebPAL user ID and a password to access WebPAL. Your WebPAL user ID is usually your first initial and last name (i.e. Mary Smith = msmith). To find your user ID, click on "What's My User ID?" on the WebPAL home page. Your initial password is your six-digit birthdate (i.e. January 1, 1970 = 010170). After logging on the first time, WebPAL will ask you to change your password. If you are a returning student and can't remember your password, click on "What's My Password?" on the WebPAL home page, then choose "Reset my password." If you have an e-mail address on file, WebPAL will send you a new password.
	Trained student tutors and faculty specialists work with students both individually and in small study groups. Student tutors are students who are proficient in the courses they tutor and are recommended by their instructors. Faculty specialists have credentials that are similar to those of our faculty, and many have experience teaching at MCCC or other colleges or universities. In general, faculty specialists have years of experience helping students succeed.
Tutoring Information	Students who utilize tutoring services at MCCC can expect to gain a better understanding of questions and/or concerns they have about their coursework, suggestions for improvement, study strategies, insight into instructor expectations and the understanding of how to link new material with what they already know.
	Tutoring is normally provided by appointment. Walk-ins are accepted, but immediate tutoring is often unavailable. To make an appointment on the Main Campus, call the Student Success Center at (734) 384-4167 or visit the center in person located in the Student Success Center, Founders Hall, Room F-148. Students can also make an appointment online at https://tutor.monroeccc.edu/TracWeb40/Default.html.
