

ONLINE COURSE INFORMATION

Winter 2023 Semester

COURSE: CHEM 155 L1

INSTRUCTOR: L. Bean

Chemistry and Society

EMAIL: lbean@monroecc.edu

There are many benefits of online courses at MCCC:

- Less restrictive scheduling
- Convenience
- Intensive self-study
- Course materials are accessible 24 hours a day 7 days a week

Some students struggle in an online format while other students excel. Students who excel in an online format are:

- Highly self-motivated
- Have strong computer skills
- Possess good time management skills
- Know how to study independently
- Possess good communication skills

Online classes at MCCC are **NOT self-paced**. Instruction is delivered in an entirely web-based format. Students must complete exams, assignments, etc. by specified due dates. Some exams and assignments may be required to be completed at an authorized location as established by the instructor.

When taking an online class students are responsible for:

- A reliable computer with Internet access and Microsoft Word; course specific software will be described below
- Knowing how to email attachments
- Maintaining his or her own computer and Internet connection; technical issues are NOT acceptable excuses for not keeping up with due dates
- Having access to a printer if needed for personal use of online materials

It is the student's responsibility to log into Brightspace multiple times each week to keep up with communication, assignments and other coursework.

Brightspace

Online courses use Brightspace course management system as the means of communication between the students and the instructor.

It is the student's responsibility to be able to log into Brightspace and maintain his or her computer setup to work properly with Brightspace.

The Brightspace Login can be found on the College's webpage, www.monroecc.edu.

Brightspace courses are made available to students on the day the course begins.

Please see the Start Date below.

MCCC Student Email

It is essential that online students use their MCCC student email account. This will be the primary means of email communication between you and your instructor. For more information about activating your MCCC student email account, visit the college's webpage at www.monroecc.edu.

<p>COURSE DESCRIPTION</p>	<p>CHEM 155 was designed as the only truly wholly online natural science course offered at MCCC to satisfy the general education requirement.</p> <p>CHEM 155 focuses on the relationship between chemistry and the world around us, evaluating how chemistry impacts our society, the environment, and the economy. Chemical principles are introduced to the extent necessary for understanding contemporary topics such as: water, air, energy, common household substances, polymers, biochemistry, nutrition, pharmaceuticals, genetics, forensics, and measurement science. The course provides education in the scientific method and is appropriate for non-science majors. CHEM 155 requires the purchase of McGraw Hill Virtual Labs to serve as the Laboratory Experiment experience for the student.</p> <p>CHEM 155 is a natural science general education satisfier.</p> <p>The Course Outcome Summary can be found at https://www.monroeccc.edu/course-outcomes.</p>
<p>COURSE BEGINS</p>	<p>Friday, January 6, 2023</p>
<p>COURSE ENDS</p>	<p>Monday, May 1, 2023</p>
<p>REGISTRATION PROCESS</p>	<p>Students must register for the course through the College's regular registration process.</p> <p>If you are a first-time online student at MCCC you must complete an online orientation course (ONL-001). You will be automatically enrolled into the online orientation course, which will provide you with critical information on the technical, study, reading and writing skills necessary to be a successful online student. This course will be listed in your MyCourses module in Brightspace and there will be 4 modules to complete. Please note that all four modules will NOT be visible when you first login, but will become visible once you complete the requirements for each module. Please complete WI2023-ONL-001-L1 by January 3, 2023. Failure to complete the online orientation by the above date may result in <u>de-registration from your Winter 2023 online course</u>.</p>
<p>EXAMS OR ASSIGNMENTS</p>	<p>Fully online.</p>
<p>ADDITIONAL INFORMATION: EXAMS OR ASSIGNMENTS</p>	<p>Exams are on Brightspace. Assignments are through Brightspace and the two McGraw Hill online programs, Connect/Smartbook for homework and the Virtual Labs. Two unique access codes must be purchased.</p>

<p>TUTORING INFORMATION</p>	<p>Trained student tutors and faculty specialists work with students both individually and in small study groups. Student tutors are students who are proficient in the courses they tutor and are recommended by their instructors. Faculty specialists have credentials that are similar to those of our faculty, and many have experience teaching at MCCC or other colleges or universities. In general, faculty specialists have years of experience helping students succeed.</p> <p>Students who utilize tutoring services at MCCC can expect to gain a better understanding of questions and/or concerns they have about their coursework, suggestions for improvement, study strategies, insight into instructor expectations and the understanding of how to link new material with what they already know.</p> <p>Tutoring is normally provided by appointment. Walk-ins are accepted, but immediate tutoring is often unavailable. To make an appointment on the Main Campus, call the Student Success Center at (734) 384-4167 or visit the center in person located in the Student Success Center, Founders Hall, Room F-148. Students can also make an appointment online at https://tutor.monroeccc.edu/TracWeb40/Default.html.</p>
