ONLINE COURSE INFORMATION
Winter 2024 Semester

COURSE: ACCTG 206 L1	INSTRUCTOR: P. Baul
Data Analytics for Accounting	EMAIL: pbaul@monroeccc.edu

There are many benefits of online courses at MCCC:

- Less restrictive scheduling
- Convenience
- Intensive self-study
- Course materials are accessible 24 hours a day 7 days a week

Some students struggle in an online format while other students excel. Students who excel in an online format are:

➢ Highly self-motivated
➢ Have strong computer skills
➢ Possess good time management skills
➢ Know how to study independently
➢ Possess good communication skills

Online classes at MCCC are **NOT self-paced**. Instruction is delivered in an entirely web-based format. Students must complete exams, assignments, etc. by specified due dates. Some exams and assignments may be required to be completed at an authorized location as established by the instructor.

When taking an online class students are responsible for:

- A reliable computer with Internet access and Microsoft Word; course specific software will be described below
- Knowing how to email attachments
- Maintaining his or her own computer and Internet connection; technical issues are NOT acceptable excuses for not keeping up with due dates
- Having access to a printer if needed for personal use of online materials

It is the student's responsibility to log into Brightspace multiple times each week to keep up with communication, assignments and other coursework.

Brightspace

Online courses use Brightspace course management system as the means of communication between the students and the instructor.

It is the student's responsibility to be able to log into Brightspace and maintain his or her computer setup to work properly with Brightspace.

The Brightspace Login can be found on the College's webpage, www.monroeccc.edu. **Brightspace courses are made available to students on the day the course begins**. Please see the Start Date below.

MCCC Student Email
It is essential that online students use their MCCC student email account. This will be the primary means of email communication between you and your instructor. For more information about activating your MCCC student email account, visit the college's webpage at www.monroeccc.edu.

COURSE DESCRIPTION	This course is designed to build upon the fundamentals of accounting and explore accounting concepts through the application of data analytics, including descriptive, diagnostic, predictive, and prescriptive analyses fostering critical thinking to develop the skills to ask the right questions. Focus is placed on building skills with Excel and Tableau to examine and analyze data and effectively interpret the results to make business decisions. This course provides a framework for developing a Data Analytics mindset, referred to as the AMPS model: 1. Ask the Question, Master the Data, Perform the Analysis and Share the Story. The Course Outcome Summary can be found at https://www.monroeccc.edu/course-outcomes.
COURSE BEGINS	Friday, January 12, 2024
COURSE ENDS	Monday, May 6, 2024
REGISTRATION PROCESS	Students must register for the course through the College's regular registration process. If you are a first-time online student at MCCC you must complete an online orientation course (ONL-001). You will be automatically enrolled into the online orientation course, which will provide you with critical information on the technical, study, reading and writing skills necessary to be a successful online student. This course will be listed in your MyCourses module in Brightspace and there will be 4 modules to complete. Please note that all four modules will NOT be visible when you first login, but will become visible once you complete the requirements for each module. Please complete **WI2024-ONL-001-L1 by January 3, 2024**. Failure to complete the online orientation by the above date may result in <u>de-registration from your Winter 2024 online course</u>.
EXAMS OR ASSIGNMENTS	**Exams are proctored online. Webcam is required.**
ADDITIONAL INFORMATION: EXAMS OR ASSIGNMENTS	**Some** online classes require students to take exams at authorized, proctored locations. Test proctoring centers are authorized testing locations where a staff person administers a test or assignment. If students are not able to arrange transportation to MCCC's main campus for testing, a proctored test site must be arranged. Students near the MCCC campus can take the test in the Testing Center. Additional information on the Testing Center can be found at https://www.monroeccc.edu/testing. It is the student's responsibility to make arrangements for proctoring with his or her instructor. Students should also be aware that some testing sites have service fees, which are the responsibility of the student. MCCC students completing online quizzes/tests or other assessment activities from home or other remote locations may be required to complete a room scan before the assessment activity. Students seeking an alternative to the pre-assessment room scan should contact MCCC Student

	Services at 734.384.4255 for more information regarding on-campus assessment options.
COURSE MATERIALS AND TEXTBOOK INFORMATION	All required textbooks and/or access codes are available for purchase by the student at the MCCC/eCampus Online Bookstore website: https://monroeccc.ecampus.com/. Sign in using your MCCC student email and password. All required course supplies are available for purchase by the student at the Campus Store or on the Campus Store website: https://bookstore.monroeccc.edu/ Textbook information is available for viewing approximately one month prior to the beginning of the semester at https://monroeccc.ecampus.com/.
