

ELECTRICAL ENGINEERING TECHNOLOGY

Applied Science and Engineering Technology Division

2019-2020

The associate of applied science degree with specialization in electrical engineering technology is designed to provide the theory and application of principles, procedures and components that technicians encounter in modern industrial environments. Graduates typically find employment as industrial electricians, engineering aides, laboratory technicians and field service representatives. Electrical apprentices will find this program to be an attractive way to utilize the credits they have earned while pursuing their journeyman status to complete an associate of applied science degree. Many graduates transfer to nearby universities that offer a bachelor of engineering technology degree or bachelor of applied science degree on a "2+2" basis - two years at the community college and two years at the university. These graduates generally obtain engineering positions and often advance into management.

Career Opportunities

The program provides a solid foundation in general electricity/electronics. Throughout, the program maintains a commitment of "hands-on" laboratory applications to support and reinforce theoretical discussions of circuits. To this end, the Electrical-Electronics Troubleshooting course includes the construction of a finished electronic power supply that students may keep at their option.

Graduates of this program will be prepared for entry-level employment in the following areas:

- Automated systems technician
- Computer maintenance technician
- Electrical designer
- Electromechanical technician

- Electronic systems test technician
- Electronics technician
- Engineering aide
- Field service technician
- Industrial electrician
- Industrial sales technician

Transfer Information

For information regarding transfer opportunities for this, or any program, please visit the Transfer section of the MCCC website.

Note: The following codes identify courses that satisfy MCCC's General Education Requirements:

- (C1) GE Natural Sciences Competency
- (C2) GE Mathematics Competency
- (C3) GE Writing Competency
- (C4) GE Computer Literacy Competency
- (C5) GE Human Experience Competency
- (C6) GE Social Systems Competency

Credits

Required General Education Courses

21

C1	PHY 151 (General Physics)	4
C2	MATH 151 (Intermediate Algebra) or higher	4
C3	ENGL 151 (English Composition I).	3
C4	MDTC 160 (Mechanical Drafting and CAD I)	4
C5	Expressions of the Human Experience Competency	3
C6	Social Systems Competency.	3

See the General Education Requirements on the MCCC website for a list of courses that satisfy the General Education Learning Competencies.

**Credits
66**

Required Core Courses

Fall Semester

- ELEC 125 (Fundamentals of Electricity) 3
- MDTC 160 (Mechanical Drafting and CAD I) 4 (C4)
- MECH 131 (Introduction to Automated Manufacturing) 3
- ¹MATH 151 (Intermediate Algebra) or higher 4 (C2)

Winter Semester

- ELEC 132 (Electronics I) 4
- ELEC 135 (Digital Electronics) 4
- ELEC 145 (Data Acquisition and Instrumentation) 4
- PHY 151 (General Physics I) 4 (C1)

Spring/Summer Semester

- ENGL 151 (English Composition I) 3 (C3)
- ²Expressions of the Human Experience
or ³Social Systems Competency 3 (C5 or C6)

(See ⁴Note below)

Fall Semester

- ELEC 129 (AC/DC Motors and Controls) 4
- ELEC 130 (Programmable Logic Controllers-PLC's) 3
- ELEC 133 (Circuit Analysis) 4
- ELEC 137 (Microprocessors) 4

Winter Semester

- ELEC 141 (Industrial Automation and Process Control) 3
- ELEC 200 (Electronic and Electrical Troubleshooting) 4
- ELEC 211 (Medium Voltage Power Distribution) 3
- ELEC 214 (National Electric Code-NEC) 2
- ²Expressions of the Human Experience
or ³Social Systems Competency 3 (C5 or C6)

Total Degree Requirements 66 credits

Total Degree Cost 88 minimum billable contact hours

¹Students planning on transferring to an engineering technology program at a four-year institution should refer to the receiving institution's requirements for math.

²HUMAN 151 (Introduction to Humanities) (recommended) or any (C5) GE Human Experience Competency (Note: See General Education Requirements on page 31 or the college website for a list of courses that satisfy the GE Learning Competencies).

³ANTHR 152 (Introduction to Cultural Anthropology) (recommended) or any (C6) GE Social Systems Competency (Note: See General Education Requirements on page 31 or the college website for a list of courses that satisfy the GE Learning Competencies).

⁴SPCH 151 (Communication Fundamentals), 3 credit hours, although not required, is highly recommended.

Information contained within this document is subject to change. This program sheet may not be considered as an agreement or contract.

Monroe County Community College is an equal opportunity institution and adheres to a policy that no qualified person shall be discriminated against because of race, color, religion, national origin or ancestry, age, gender, marital status, disability, genetic information, sexual orientation, gender identity/expression, height, weight or veteran's status in any program or activity for which it is responsible. If you have a disability and need special accommodations, please contact the Learning Assistance Laboratory (734.384.4167) at least 10 business days prior to the first class session to begin the accommodation process.

The college's Equal Opportunity Officer and Title IX and Section 504/ADA Coordinator and Compliance Officer for discrimination and sexual harassment is the Director of Human Resources, Monroe County Community College, 1555 South Raisinville Road, Monroe, Michigan 48161, 734.384.4245.

Monroe County Community College is accredited by the Higher Learning Commission, www.hlcommission.org, 800.621.7440.

Main Campus
