

## ATI Test of Essential Academic Skills (TEAS)

Students who plan on applying to Monroe County Community College Associate of Applied Science – Nursing (AAS-Nursing) program or the Practical Nursing (PN) program are required to complete an ATI TEAS nursing entrance exam.

**RN PROGRAM:** In order to be eligible to apply to the AAS-Nursing (RN) program, students must achieve a minimum overall score (“Adjusted Individual Total Score”) of 60 on the ATI TEAS (Version 7) exam. Students may use qualifying results from the ATI TEAS (Version 6) exam through the June 2023 application deadline. Students may have a total of three (3) attempts to meet the minimum overall score(s); the test attempt that earns the highest number of points toward the RN application will be utilized.

**PN to RN OPTION:** Students applying to the PN to RN Option at MCCC are not required to take the ATI TEAS exam.

**PN PROGRAM:** Beginning in 2023 (June 2023 application deadline), students interested in applying to the PN program must achieve a minimum overall score (“Adjusted Individual Total Score”) of 50 on the ATI TEAS (Version 7) exam to be eligible to apply. Qualifying results from the ATI TEAS (Version 6) exam may be used for the June 2023 application deadline only. Future applications will require Version 7 results. Students may have a total of three (3) attempts to meet the minimum overall score(s); the test attempt that is most beneficial for the student for meeting tiebreaker criteria for the PN program will be utilized.

## CREATING AN ATI ACCOUNT & SCHEDULING AN EXAM

1. All students preparing to take the ATI TEAS test must create an ATI Students may create an account by visiting ATI's website at [www.atitesting.com](http://www.atitesting.com) and selecting the "Create an Account" tab; follow the instructions on the screen.
2. Creating an account will require the student to create a username, password, input contact information, etc. You will also be asked to provide student information. Students may be asked to select a particular school. The ATI TEAS test is the same whether a student is applying to the MCCC RN program or the MCCC PN program. To ensure that MCCC has access to/receives official TEAS results, students should select **"Monroe County CC ADN" or "Monroe County CC PN"** when registering to take the test. If a student is applying to both programs, he/she may select *either* program and is NOT required to have two transcripts sent to MCCC. One transcript can be used for both programs – it is the same test.
3. After creating an account, log in and click on the "Online Store" tab located in the top right-hand corner of the webpage to register for the TEAS.
4. Students may take the ATI TEAS anywhere it is offered. Effective 2022, MCCC is no longer offering the ATI TEAS on campus. A popular choice is the TEAS offered by ATI with remote proctoring on a variety of dates and times. Please see the ATI website for a listing. Included in this option is one complimentary transcript that may be sent to an institution of a student's choice.
5. Students must pay the testing fee required to finish registration.
6. After purchase, the student will receive detailed instruction of where to go or how to prepare for the online test, the time of testing, and expectations of what is required on the day of the test assessment. Students are encouraged to be sure to fulfill these expectations or he/she will not be able to test at the scheduled time.

## **Students should schedule their testing date early enough to allow time for a re-take of the test, if desired or necessary.**

**DISABILITY ACCOMODATIONS:** Students who wish to utilize disability accommodations while taking the ATI TEAS should submit the accommodation information/documentation to [proctor@atitesting.com](mailto:proctor@atitesting.com).

### **REMOTE TESTING**

The ATI TEAS offered remotely requires the use of a remote proctoring platform called Proctorio. This remote service allows students to take the ATI TEAS from home or wherever they may be. The platform uses secure exam settings and technology including video, audio, and screen recording designed to maintain the integrity of the assessment and ensure uncompromised exam results. Students may view the minimum technical requirements to participate in remote testing by visiting the ATI website.
