

Hello Students!

**Class Section Modality:** there are three types of classes at MCCC:

**Online (L)- asynchronous learning:** no on-Campus requirement, no specific meeting time *(Meeting times, time or location will NOT be listed)*

**Blended (B)- synchronous and asynchronous:** some online/virtual component; students may be required to meet at some or all scheduled class times, face-to-face on Campus or remotely such as in a virtual classroom. Students MUST be available to meet during the scheduled times as directed by the instructor. *(Meeting times will be listed in all cases, location will only be listed if all/some part of the learning will take place on Campus- v. remotely via Zoom, Teams, or etc.)*

**Face-to-face- synchronous:** students are required to come to Campus for all scheduled class times. *(Meeting times and location will be listed.)*

**Note:** *Class modality is subject to change depending on COVID-related circumstances.*

Please contact your instructor or the division dean if you have questions regarding modality of the classes you are enrolled in for the upcoming semester.

Please visit the e-Learning site if you have questions regarding blended and/or online class formats:  
<https://www.monroecc.edu/online-learning>

Please regularly review your **MCCC email account** for important details and/changes regarding your classes.

Have a great semester!!

Best regards,

Students can choose when to attend scheduled class sessions in-person or watch recorded class items online with this format. There are no required campus meetings nor synchronous virtual meeting times. However, students are highly encouraged to attend in-person sessions when possible. A more comprehensive discussion will be held during the in-person class sessions. Students will receive course content via the college Learning Management System (LMS), Brightspace. There may be links inside BrightSpace to outside resources such as Cengage, TestOut, or other instructional sites. Course communications will happen through college email, Announcements in BrightSpace, and posts in the weekly Content portion of BrightSpace. There is course-specific software you will need to be able to run. Some of the software will require additional system (computer) resources such as Random Access Memory (RAM). You will be required to have access to reliable internet. If you do not have the appropriate system requirements, you will have to schedule a time to come to campus to utilize the college computer lab.
