

### (3) Multi-process Welding Machines

Minimum Specs:

- Welding Machine Brand:** Fronius
- Weld Processes:** CV, Pulse, DC TIG, AC TIG, Stick
- Cooling Type:** Water Cooled
- Welder Output:** 300A
- Mains Power:** 3-Phase Multi-Voltage (200v to 460v)
- Warranty:** 2-3 Years

Must Include:

- Portable welder carts
- Cooling units
- Mounts for torches, hoses, gas bottles, etc.
- Wire feeders and feed rollers
- Welding torches (both MIG and TIG)
- All necessary hoses and cables for the torches
- TIG welding foot controls
- All necessary gas hoses, adaptors, and regulators
- Contact tips
- Shipping and freight

Also Include (Optional):

- Assembly and/or installation
- Instructor training
- Technical support
