Damaged Property: Men's Bathroom stall door. Torn off hinges and covered in feces

On today's date, R/o was approached by Custodian Supervisor who related the following: On Thursday evening approximately 12:00am, the midnight custodian entered the men's bathroom in the La Z Boy Center and discovered the 2nd to last stall had the door broken off and was covered in feces. The supervisor advised that the door was completely removed for repairs and the entire area cleaned and sanitized. R/o has been unsuccessful in locating any witnesses to the incident.

A check of the Event Management System indicates the last class of the evening for the building was a Lifelong Learning class, Adult Tap from 6:30p to 7:45pm. R/o checked with the instructor for any further information with negative results. The instructor advised that her class ran until 8:00pm and that she had two male tap dancers that evening and they had not reported anything unusual.
