MCCC - Security Incident

Date: 26 Jun 2020

Time: 11:00 AM

Reporting Officer: kwassus

Subject:: Larceny - Bldg

Location: Career Technology Center

Witness: none

Victim: Monroe County Community College

Complainant: Jack Larmor tx 384-4145

Suspect: n/a

Narrative:

Reporting officer was advised by Supervisor C. Abel that Jack Larmor the Automotive Service Coordinator tx 384-4145 has discovered some tools missing from the Auto Servicing department of the Career Technology Center building. C. Abel was waiting for a list of the missing items. The list was forwarded to reporting officer this morning 6/26/2020.

Mr. Larmor advised that he has no idea of the time frame when the items came up missing. It could have been before or after the Covid-19 stay at home order. Mr. Larmor noticed the items missing recently 6/16/2020 when working with a student on makeup work. There was also some other items missing an engine stand and two torque wrenches but they were later found.

In checking the cameras for the building due to the limited memory available there was nothing noted that would help to identify the time frame that the items were taken.

Items listed below.

One set of deep impact sockets 3/8 to 1/2 in blow molded case

One set of 7/16-1 1/4 deep and shallow impact sockets in blow molded case

value \$344.28

Investigation, inactive pending further information.
