Narrative:

The victim is a student here at MCCC. He was on his way to class and was part of what turned out to be assault on his person that made its way to lot #2. Victim/ student parked his vehicle in lot #2 to go to class. He observed the offender/suspect pull up behind him. As both parties exited their vehicles heated words were exchanged. The offender/suspect then went at the student, punching him one time on the left side face. This punch was observed by a passing student who was walking by on his way to class. The complainant heard the yelling, but did not view the assault. He did contact switchboard and this officer was dispatched to the scene. The victim advised the Sheriff had been called and was in route. This officer kept all parties at the location till the deputy came and took control of the investigation. As part of the evidence he took photographs of the victim's face. The victim related he would seek his own treatment, and attend class for now. The suspect was told not to return to the college as additional problems may take place. It is felt that this all came about due to road rage that started on M50. Sheriff Report forwarded to Monroe County Pros.
