NARRATIVE

On this date, (09/13/18), victim told the reporting officer that she believes that her listed vehicle was struck in the employee lot, which is just south of the East Tec center. Victim is a teacher here, and discovered this after school was out, that someone side-swiped her vehicle. Victim said that she parks in the same spot every day, which is in the center of the lot, at the west end, facing south. The officer did observe a small crease on the passenger's side door, along with some minor scratches.

Victim was inquiring as to maybe there would be something on the camera. The officer requests that possibly the Day Supervisor Myers check the camera. Victim was advised to contact the Monroe County Sheriff's Office to make a police report. The officer has nothing further at this time.
