MITRANSFER PATHWAYS ARTICULATION AGREEMENT: SOCIAL WORK

OVERVIEW

In Fall 2017, the Michigan Community College Association (MCCA) and the Michigan Association of State Universities (MASU) received a one-time appropriation from the state of Michigan to support the development of multi-institutional associate to bachelor's degree transfer pathways. MCCA and MASU in partnership with the Michigan Independent Colleges and Universities (MICU) and the Michigan Association of Collegiate Registrars and Admissions Officers (MACRAO) convened the Transfer Steering Committee with more than 30 representatives from colleges and universities from across the state to develop the MiTransfer Pathways project. The MiTransfer Pathways project plan selected 12 programs with high enrollment and/or high labor market demand. The goal of the project was to build multi-institutional transfer pathways so students can enroll at any participating community college, complete an associate degree, transfer, and complete a bachelor's degree in the identified program of study.

In fall 2018 and spring of 2019, social work faculty from community colleges, public universities, and independent colleges and universities in Michigan met to identify courses that are required, recommended, optional or appropriate in the first and second year of the bachelor's degree programs at all participating universities. We refer to these commonly required courses as "MiTransfer Pathways courses." The MiTransfer Pathways courses in social work are:

- Human Biology
- Introduction to Psychology
- Introduction to Social Work
- Introduction to Sociology

These courses have been reviewed by receiving institutions and will be accepted for transfer and applied to the social work program at all participating institutions (unless otherwise indicated in this agreement). The participating institutions agreed to establish direct equivalencies between these courses. Direct equivalencies are established when a course at the sending institution transfers as a direct equivalent to the course at the receiving institution and the credit is transcribed as a department and number (i.e. BIO 105) instead of department and no number (i.e. BIO GEN or BIO 100X). Direct equivalency is preferred because students can see how the transferred course applies to the degree program.

In addition to identifying MiTransfer Pathways courses as described above, the faculty also identified Remaining Degree Requirements. The Remaining Degree Requirements identified by receiving institutions (universities) include courses that students can transfer from the community college but were not identified as MiTransfer Pathways courses because they were not accepted at every participating receiving institution. The Remaining Degree Requirements identified by sending institutions (community colleges) included courses or requirements that meet community college degree requirements but will not necessarily transfer to participating universities. Participating

MITRANSFER PATHWAYS ARTICULATION AGREEMENT: SOCIAL WORK

institutions submitted program worksheets (see Appendices A and B) that outlined these courses. Participating institutions will use these worksheets to communicate requirements to students.

TERMS OF THE AGREEMENT

1. This agreement is effective on August 3, 2020.
2. Participating institutions agree that all courses must be completed with a grade of C (2.0) or better unless otherwise indicated by the receiving institution.
3. Participating institutions agree that to use this agreement, students must apply and be admitted to the participating institution and to the program if the program requires secondary admission. Receiving institutions agree to communicate the application process for institution and program admissions for transfer students on a publicly available website and through advising.
4. Participating institutions agree to accept the Michigan Transfer Agreement (MTA) in accordance with the institutions' MTA policy.
5. Participating institutions agree to award equivalent credit for MiTransfer Pathways courses (see Course Equivalency Matrices in Appendix C) and apply courses to the bachelor's degree requirements unless otherwise noted in the Course Equivalency Exceptions documented in Appendix D. If no direct equivalent exists because the course is not offered or required at the receiving institution, then the receiving institution agrees to accept the course and apply the course toward the Social Work degree program. If the community college does not offer the course, the community college should communicate this information to students on a publicly available website and/or the Michigan Transfer Network at mitransfer.org and help students find an equivalent course at other institutions.
6. Participating institutions agree to upload course equivalencies for MiTransfer Pathways courses to the Michigan Transfer Network at mitransfer.org.
7. Receiving institutions agree to accept the Remaining Degree Requirements as outlined in the receiving institutions' Program Worksheet included in Appendix B. Participating institutions agree to work toward awarding direct equivalency for Remaining Degree Requirements, apply courses to the bachelor's degree requirements, and add course equivalencies to the Michigan Transfer Network.

MITRANSFER PATHWAYS ARTICULATION AGREEMENT: SOCIAL WORK

8. Sending institutions agree that Remaining Degree Requirements identified by community colleges that are not required by the receiving institution may not transfer or may not apply to bachelor's degree requirements at the receiving institution.
9. Alternative credit awarded by the sending institution through AP, CLEP, IB, credit earned through credit for prior learning, or other means may be accepted and applied to the degree program at the discretion of the university. Sending institutions may apply alternative credit to the associate degree, but students should confirm whether or not credit is acceptable at receiving institutions.
10. Students may earn credit from multiple institutions as long as the course was completed at a sending institution that is participating in the agreement. There is no assurance that credits earned from institutions not participating in the agreement will apply.
11. Participating institutions agree to maintain up-to-date course equivalencies and information about their participation with this agreement. This information will be made publicly available through their own systems and on the mitransfer.org website.
12. In the performance of their respective duties and obligations under this Agreement, each Party is an independent contractor, and neither is the agent, employee, or servant of the other. Each is responsible only for its own conduct.

MAINTENANCE AND REVIEW

Modifications to Worksheets and Equivalencies

Colleges and universities will use the worksheets in Appendix A and B as the basis to advise transfer students. Any changes to program worksheets in Appendix A and B should be communicated to participating institutions as soon as possible to avoid students completing courses that will not transfer. Changes may include:

- Adding programs in the pathway (e.g., add Environmental Studies to the Biology pathway);
- Modifying, removing, or adding MiTransfer Pathways courses;
- Modifying, removing, or adding courses to the Remaining Degree Requirements;
- Materially modifying the educational experience or content of the MiTransfer Pathways courses.

If any of the aforementioned changes occur, participating institutions are expected to communicate with their sector representative from the Michigan Association of State Universities (MASU), Michigan Community College Association (MCCA), or Michigan Independent Colleges and Universities (MICU). These changes will be vetted among participating institutions, including reviewing and establishing equivalencies where needed. Changes to the worksheets and equivalencies will be documented and available at mitransfer.org website.

Joining the Agreement

Institutions can join the agreement at any time and should contact their sector representative at the Michigan Association of State Universities, the Michigan Community College Association, or the Michigan Independent Colleges and Universities. Institutions that join the agreement will be required to comply with the terms of the agreement.

Renewing the Agreement

This agreement will be up for renewal on June 30, 2022. The Michigan Community College Association, the Michigan Association of State Universities, and the Michigan Independent Colleges and Universities agree to coordinate renewal of this agreement during the 2021-2022 academic year. Participating institutions may choose to leave the agreement at that time.

MICHIGAN TRANSFER AGREEMENT (MTA)

The MiTransfer Pathways builds on the Michigan Transfer Agreement (MTA). The MTA allows transfer students to select designated courses to complete a minimum of 30 credit hours fulfilling MTA distribution requirements. Students following MiTransfer Pathway agreements should complete the MTA in accordance with the sending institutions' course designations and consider whether any recommended MiTransfer Pathways major-specific courses will "double count" to fulfill MTA distribution requirements in planning their transfer. More information about the MTA is available at www.mitransfer.org.

The MTA Mathematics distribution area allows students to complete one of three math pathways. The Social Work MiTransfer Pathways faculty recommended that students complete a course in the Statistics pathways.

MiTRANSFER PATHWAYS COURSES

These courses are commonly agreed upon for transfer in this program around the state among participating institutions.

Pathway Course	Subject/ Course Number	Course Title	Credit Hrs
Introduction to Psychology	PSY 101	General Psychology	3 (MTA Social Science)
Introduction to Sociology	SOC 123	Introduction to Sociology	3
Introduction to Social Work	SOC 140	Introduction to Social Work	4
Human Biology	BIO 110 & BIO 110L	Essentials of Anatomy and Physiology	4 (MTA Natural Science)

Human Biology	FERRIS STATE UNIVERSITY	MUSKEGON COMMUNITY COLLEGE	Muskegon's BIOL 105 is equivalent to FSU's BIOL 205. BIOL 205 is an integrated course in human anatomy and physiology which emphasizes structure and function as they relate to clinical considerations. FSU's BIOL course for this pathway is our BIOL 103, which is an introductory course for non-science majors.
Human Biology	N/A	MACOMB COMMUNITY COLLEGE	This course is being reviewed and considered for the next maintenance & review deadline of Nov 1, 2020.

Human Biology	NORTHERN MICHIGAN UNIVERSITY	GOGEBIC COMMUNITY COLLEGE	Gogebic's BIO 101 is equivalent to NMU's BI 111 Introductory Biology, a principles course. This course could count as a general elective and the student would need to take BI 100 or BI 104 or BI 207.
Human Biology	NORTHERN MICHIGAN UNIVERSITY	JACKSON COLLEGE	BIO 132 transfers to NMU as BI 1009 which can count as a required general elective and the student will still need to take BI 100 or 104 or 207 at NMU.
Human Biology	NORTHERN MICHIGAN UNIVERSITY	MONROE COUNTY COMMUNITY COLLEGE	BIOL 258 transfers to NMU as BI 208 which can count as a required general elective. A student can take BIOL 257 that transfers to NMU as BI 207.
Human Biology	NORTHERN MICHIGAN UNIVERSITY	OAKLAND COMMUNITY COLLEGE	BIO 1530 transfers to NMU as BI 111 or BIO 1600 which transfers as Scientific Inquiry and either can count as a required elective. A student can take BIO 1511 which transfers as BI 100 requirement.
Human Biology	NORTHERN MICHIGAN UNIVERSITY	WASHTENAW COMMUNITY COLLEGE	Washtenaw Community College - BIO 102 has some overlap with BI 104 at NMU but not enough to make it equivalent. This course could count as a general elective and the student would need to take BI 100 or BI 104 or BI 207 or BI 208.
Human Biology	NORTHERN MICHIGAN UNIVERSITY	WAYNE COUNTY COMMUNITY COLLEGE DISTRICT	Under departmental review at NMU; WCCCD's BIO 105 will count as either BI 100 or BI 111.
Human Biology	SAGINAW VALLEY STATE UNIVERSITY	MUSKEGON COMMUNITY COLLEGE	Equivalency under departmental review; resolution anticipated by Nov. 1, 2020 deadline for agreement updates.
Human Biology	UNIVERSITY OF MICHIGAN-FLINT	GOGEBIC COMMUNITY COLLEGE	While the class has some human related topics, UM-F's course (BIO 104) investigates each of the anatomical and physiological systems of the body.
Human Biology	UNIVERSITY OF MICHIGAN-FLINT	KALAMAZOO VALLEY COMMUNITY COLLEGE	While the class has some human related topics, UM-F's course (BIO 104) investigates each of the anatomical and physiological systems of the body.
Human Biology	UNIVERSITY OF MICHIGAN-FLINT	WAYNE COUNTY COMMUNITY COLLEGE DISTRICT	While the class has some human related topics, UM-F's course (BIO 104) investigates each of the anatomical and physiological systems of the body.
Intro to Social Work	EASTERN MICHIGAN UNIVERSITY	GRAND RAPIDS COMMUNITY COLLEGE	Course is equivalent to SWRK 222 which is required for the major
Intro to Social Work	FERRIS STATE UNIVERSITY	BAY COLLEGE	This course has been reviewed by College of Arts and Sciences and determined to not be a direct equivalency.
Intro to Social Work	FERRIS STATE UNIVERSITY	HENRY FORD COLLEGE	This course has been reviewed by College of Arts and Sciences and determined to not be a direct equivalency.
